

PAINT SUPERMARKET in Torrance will be completed and opened by Hughes Paint Company by the end of September. The "supermarket" will be erected on Hawthorne Blvd. at

230th St., just south of the Del Amo Shopping Center. This will be the most up-to-date do-it-yourself discount paint store in the state.

## Hughes Paint Firm to Open 'Paint Supermarket' Here

Hughes Paint Company President Louis Hughes announced plans for a \$250,000 "Paint Supermarket" to be erected in the City of Torrance on Hawthorne Blvd. at 230th just south of the Del Amo Shopping Center.

The building will be completed by the end of September and will be the most up-to-date do-it-yourself discount paint store in California. Highlights of the new Hughes

building include a fiber glass ceiling with the integrated light featuring a symmetrical grid of aluminum and plate glass.

A 14 foot high glass front, ceiling and canopy that are continuous. Four sets of fully automatic doors, automatic checkstands, a flood - light parking lot with the quartz lighting fixtures that give off "square patterns" of light rather than the old made-

quate oval-type, thus enabling every foot of the parking lot a uniform brightness. The large parking area will provide ample parking for every customer.

Hughes also reports that the new building will have a complete refrigerated air condition system. The self service interior will lead out to a number of strategically located checkstands and a convenient will-call area. A huge

outdoor garden and patio shop will also be included.

The building has been designed by John D. Blackburn, Studio City Architectural Engineer and being built by Oltman Construction Co. who built most of the Del Amo Shopping Center.

Other Hughes Paint Stores are located in San Gabriel, Monrovia, Santa Monica, Redondo, San Pedro and 5900 So. Western Ave., L.A.

## Catalina Island Trip Sponsored For City's Youth

A trip to Catalina Island is planned for teenagers Thursday, August 10. The Torrance Recreation Department has chartered the "Magic Isle," a large ship for about 300 passengers (with a snack bar). When the ship docks at Catalina, teenagers will be free to select their activities, which include swimming, sightseeing, bird farm, and the glass bottom boat.

Members of the Recreation Department staff will be supervising and there will be a central location where staff will be on duty to answer questions and give help.

Cost for the trip is \$6 and fare in addition to trip insurance. Reservation deadline is Tuesday, August 8. As space is limited, reservations will be accepted on a first come-first served basis.

Use Press classified ads to buy, rent or sell. Phone DA 5-1515.

INITIAL STEPS in registration at El Camino College are taken by coeds Suzy Brockman and Elissa Ellington, who secure enrollment materials from Merl F. Sloan, director of stu-

dent personnel. With full-time students now registering, prospective Warriors are encouraged to make appointments immediately in the counseling office.

## ECC Instructor Accepts Teaching Post in London

Preparing for a year abroad as an exchange instructor in London, England, is Edward L. Schwartz, El Camino College mathematics instructor, who will leave for New York August 9 and sail on the SS United States August 17.

The Torrance educator's counterpart, Leslie L. Edwards, will assume math classes at El Camino for the year. Edwards, 29, is a member of the faculty of St. Clement Danes School in London.

The El Camino instructor accepted the educational exchange grant under provisions of the Fulbright Act. He will be one of approximately 400 instructors who will participate in teaching and seminars conducted abroad.

Candidates are selected by the Board of Foreign Scholarships. Funds used for carrying out the program under the Fulbright Act are certain foreign currencies or credits owed to or owed by the Treasury of the United States.

Schwartz, an alumnus of El Camino College, also completed work for his bachelor of arts and master of science degrees at the University of Southern California and studied at Rutgers University. During World War II, he was stationed in England.

Mrs. Schwartz and their son, Alan, will fly to London on August 14, meeting the instructor in London on his arrival there. Young Schwartz will enter his freshman year of study in Geneva Switzerland, where he will enroll in Le Mans College.

The Schwartzes, who reside at 3244 El Dorado, Torrance, plan to tour Europe and to spend several weeks in Israel. They hope to enter Russia during their travels abroad.

## TB Infection Spreads Fast

In Italy, 24 nursery school children caught active TB from their teacher. In Canada, one woman with active TB infected 22 others with active disease, some of them in no more than a week of contact. While both these instances are a little unusual, it is a fact that a case of infectious tuberculosis in a community is a great hazard.

Those who have never before come in contact with TB germs are particularly vulnerable. Someone in poor general health, exposed just once or twice to an overwhelming dose of TB germs, can come down with the active disease. However, active tuberculosis is more likely to result from repeated exposure to infection.

Because a case of active TB can do a great deal of damage in a short time, it is important to examine everyone who has been living or working closely with somebody who has contracted active TB. Sometimes these examinations pinpoint the person who was the original source of infection, but didn't know he had the disease. Once found, he can be treated before anyone else catches his illness. At other times the check-up finds those who have just caught the illness from the original case. Then they can be treated early, when a cure is quickest and surest.
