TOO OLD?

Methinks Caesar was too old to set about amusing himself with conquering the world. Such sport was good for Augustus or Alexander. They were still young men and thus difficult to restrain. But Caesar should have been more mature.

PRESS Sports

The Thursday afternoon advanced ladies class had its second showing of films last week at Gable House.

MUCH IMPROVEMENT

Some 30 girls saw themselves in action on colored film last week. Jerry Homel read the names of each girl as she made her approach. Homel borrowed Jack Frybaum's projector which had the feature that the film could be stopped at any point. This gave the bowler a better opportunity to really see where her particular problem was.

Homel stated after the film, that he could see a definite improvement since the first was shown. The girls were bending down more this time. One major fault, however, still remained in that the girls were still throwing their right foot up when sliding and making the delivery. Homel says that the back foot, depending on right or left handers, must be kept down on the floor and not wrapped around the torso or waving in the air.

Homel also congratulated Fern Crouch on her style, approach and delivery. Fern is 53 years old and has been bowling for only a little over a year. Fern was in a back brace for 15 years with arthritis. But now she walks and bowls without it.

Latest news on this class is that Homel plans for the next three weeks to conduct them as microphone classes. At the end of the three week period, more films will be taken. So here's your chance, girls, to really take advantage of these free advanced bowling classes. See you tomorrow at 1 p.m.

GABLE ON THE AIR

Gable has been on FM radio KAAP, 93.5 on your dial, for almost two weeks.

Bowling stars Robbie Frey and Don Glinksi, Brunswick executives, local patrons, and Association members have been interviewed. Everyone seems to be excited over the show, so tune in any evening between 9:05 and 10 and you might hear someone you know on the air.

GHBA LEAGUE

Last Friday night in the Gable House Bowling Association League there was one male member who was bowling up a storm. Lou Kohlmeier, whose team is in first place, shot games of 213, 238, and 231 for a 682 scratch series. Lou's handicap of five gave him a 697 series. Lou came within 18 pins of having a 700 scratch series. It must be heartbreaking, but who can complain about an 182 average bowler rolling an average of 227 for the evening?

LOCAL HOUSE NEWS

There are still a few openings for winter leagues, so if you haven't signed up yet do so now. Ladies who are already in summer leagues and wish to join winter ones need not sign up but just attend the meeting set for the day of their particular averages.

There was a big turnout Monday afternoon for the first ladies beginners class at Gable House.

Homel was conducting the class and showing the proper fundamentals—push, drop, swing, and roll. If you girls don't know what I am talking about, be at Gable Friday at 1 p.m. and take advantage of these free classes. As usual, the class will run for three weeks—so see you there.
