Harbor View Ladies Board Meets

Board members of the Harbor View Ladies Auxiliary to the Fleet Reserve Association met Tuesday at 7:30 p.m.

at the home of Mrs. Emily Cofield, 1289 W. 9th St., San Pedro. President of the group is Mrs. William Davis.

The regular monthly business meeting will be held Thursday at 8 p.m. in Ula-brand Hall, 1125 S. Gaffey St., San Pedro. Delegates to the recent national regional caucus in San Diego will give their reports. Delegates were Mmes. William Davis, Harry Setzer, Tava Miekley and Catherine Loro.

Mrs. Lincoln told the CWF about her recent visit to fourteen South Asian countries, the religions of the people, and the missionary work being done in these countries.

Her color movies showed many facets of the lives of the people of Thailand. There were many views of ornate Buddhist temples, mode of travel on the river, and the way people live at the river's edge and make their purchases of food from small boats which row up to their porch which overhangs the water.

Mrs. Lincoln visited missionary friends in Thailand and a women's college there which had been founded by her daughter-in-law's grandmother. She said people were friendly and happy to pose for her movies.

The land is fertile and they are able to raise plenty of food. She found most of the people dressed in Western dress. She was able to get some movies of beautiful dancing girls in their native costumes.

Mrs. C. H. Thompson, CWF President, told a few of the interesting sidelights of the week she and Mrs. Dean Lougee spent at the Quadrennial Assembly in Indiana. They will be able to present their program "A Report from the Quadrennial Assembly" at the September CWF meeting.

Mrs. Ivin Bishop, director of membership, announced there will be a tea for the new women church members, Sept. 20, from 1 to 3 p.m. in the Fireside Room of the church.

VERSATILE

One of the most versatile shrubs to come along in a generation of gardeners just has to be the India Hawthorn. The delicate spring bloom of this shrub belies its rugged nature. You can plant it in sun or shade, in poor soil or good, in hot valley gardens or wind-blown seashore settings. It's all the same to India Hawthorn. Ask for it by the name of Rhipilepis indica in C.A.N. nurseries, or simply India Hawthorn.

New location is now opened with grand opening scheduled for Sept. 13.

CONTACT LENSES IDEAL FOR WATER SKIING, SKIN DIVING

Need for vision correction is no longer a "spoilsport" for water skiers and skin divers. Wearing "spectacles" is impractical and hazardous, but the new plastic contact lenses provide clear vision with complete freedom from bothersome flying spray in skiing and boating, or fogging-up behind diving masks. Contact lenses may be worn safely, too, for swimming and diving, without masks. More than a million Americans are wearing contact lenses in sports, at work, and for social occasions. The thinness and lightness of modern small diameter plastic lenses offer advantages never before attainable. Application is easy, and the new lenses can be worn around the clock without discomfort or irritation. Get all the facts! Come in, or write for fascinating new booklet. Easy terms. Dr. J. M. SOSS, Optometrist (32 years in Harbor Area), 1288 Sartori Ave., FA 8-8802. Open Friday evenings and all day Saturdays. Offices also in Wilmington.
