Okay Continuance Until Oct. 19 For Horlander Hearing

The "off again, on again" Torrance Civil Service quiz on the employment status of Douglas Horlander, former city employee, has been held over again until October 19. It was learned Friday.

Meeting had previously been scheduled for Friday night from an earlier date.

Continuance was approved by Charles Catterlin, Torrance city prosecutor, and John Barton, attorney representing Horlander.

The former assistant director of public works is seeking reinstatement on the city's rolls under civil service regulations. Position he formerly held has been deleted in the 1961-62 city budget.

Horlander, through his attorney, contends that, under civil service regulations, he should revert to the position he held before being promoted to the public works post.

This position, inspector for the department, has also been deleted from the city's roster.

Horlander also contends that the positions were eliminated because of personal differences between himself and department heads.

Child Hospitalized In Bike-Car Crash

First Accident Of New School Term Reported

Torrance logged its first bicycle-automobile accident of the new school term Friday as a 6-year old youngster was hospitalized for injuries received in a Carson St. crash. Lawrence R. Basile, 1824 Gramercy St., was taken to Little Company of Mary Hospital for treatment of multiple injuries.

Driver of the car, Betty J. Pappas, 23, of 1233 213th St. Torrance, was not cited.

Witnesses stated that the youngster attempted to cross Carson St., near Gramercy, and was struck by the vehicle.

Torrance traffic officers urged all local motorists to be on the lookout for youngsters on their way to and from school. Many of the children are starting to attend school for the first time and are unaware of even the rudiments of basic traffic safety.

They stressed the importance of keeping an eye out for youngsters riding bicycles and those who might dash out from behind parked cars into the path of a moving vehicle.

They pointed out that more children are killed each year by motorists than by all other causes combined.

Chest Kicks Off 1961 Drive With Sept. 13 Luncheon

A kickoff luncheon Sept. 13 for Torrance Community Chest commerce and industry volunteers means the campaign is underway, according to Fred Brunner, unit chairman.

"We could be compared to a football team. Our strategy is similar. We lineup . . . Kick-off . . . then our volunteer teams start calling on firms asking for firm contributions and setting up employee campaigns."

"However, unlike football we never really win—even when we pass our quota—as there are so many needs in the community depending on the Chest," Brunner said.

MUTE EVIDENCE—A six year old Torrance youngster, riding his bike in the street, became the first bike-automobile casualty of the new school term. Lawrence R. Basile, 1824 Gramercy St., was struck as he at-

tempted to cross Carson St., near Gramercy, Friday. He was taken to Little Company of Mary Hospital for treatment of multiple injuries.

Thousands of Torrance youngsters will head back to school this week as local educational institutions open their doors for the fall term.

With the abrupt end of summer vacation and the beginnings of the back-to-school movement, teachers, too, will have to revise their schedules to conform with classroom requirements.

But school personnel will find their lot a little easier during the next semester.

Monday night members of the Torrance Board of Education will open discussions on salary adjustments for both certificated and classified employees of the district.

Spokesmen for the Board reported that the district will probably grant proportional increases in pay, although it is doubtful that teacher organizations will receive the blanket boost plus regular step increases they have demanded.

Governor Brown Will Speak

Torrance residents and members of area Chambers of Commerce this week were invited to attend a luncheon at the Plush Horse tomorrow honoring Governor Edmund G. Brown.

Following the luncheon, which is sold out, there will be a reception, from 3 to 5 p.m. at the restaurant.
