Grant's First With Stamp Plan

W. T. Grant Company, national general merchandise store chain, began distribution of S&H Green Stamps in its western region stores on May 17. Grant presently operates 92 stores in the nine western states.

In making the announcement, Richard K. Carrigan, western regional manager of the Grant Co., said, "I am pleased to join with President Louis K. Lustenberger of the Grant Company in announcing this additional benefit for Grant customers."

"Knowing the widespread popularity of stamp-saving among shoppers in the west," Carrigan continued, the Grant Company has become convinced that it was just a matter of time for it to start here in our industry. By being the first in our industry to offer a stamp plan, we have secured a firmly-established company and, in our opinion, the best company in the stamp business today."

65 YEARS

"Throughout its 65 years of experience," Carrigan stated, "S&H has an outstanding record of providing highest quality merchandise and service."

William Sperry Belnecke, president of the Sperry and Hutchinson Co., was joined by Assistant Vice President John G. Beinhart of the S&H western division in welcoming W. T. Grant Co. stores to the west to the roster of 90,000 business establishments using the nation-wide S&H Green Stamp service.

Reinhart noted that S&H Green Stamps are saved by approximately two-thirds of all families in the western states where S&H operates 131 redemption centers and six mail-order stores.

Two Torrance Men Appointed To Highway Patrol

Torrance residents Samuel C. Rodgers and Wesley D. Mather have been appointed to the California Highway Patrol and have been assigned to the Patrol's Academy in Sacramento for 12 weeks of training.

The new traffic officers will receive instruction in more than 50 subjects related to traffic law enforcement.

The current class is made up of 80 men from all parts of California.

Rodgers formerly was a member of the Los Angeles County Sheriff's Department, and Mather formerly was a Hawthorne City Police Officer.
