Urge Vaccination As Warning Sees Influenza Rise

Because of an expected rise in influenza this fall, vaccination against the infection without delay was strongly urged this week by the respiratory disease committee of the Tuberculosis and Health Association of Los Angeles County.

Noting that Surgeon General Luther L. Terry of the U.S. Public Health Service had recently warned of a possible upswing in the influenza cycle this fall, Dr. J. J. Quilligan, Jr., committee member, pointed out that it is recommended that people who have tuberculosis, emphysema, or other respiratory disease should be vaccinated immediately.

"When influenza strikes people who are already partially disabled by cardiac or respiratory disease, the consequences may be extremely grave," Dr. Quilligan said.

"It is urged that they be vaccinated annually during the summer before the winter months, when the prevalence of influenza usually increases," he said.

He added that the National Tuberculosis Association was alerting its 2700 local Christmas Seal affiliates to the possible influenza upswing and is asking them to cooperate in every way possible with plans of health officers and private physicians in a drive to vaccinate high-risk groups.

These groups include people with lung disease, heart disease, diabetes and other chronic illnesses, people more than 65 years of age, and pregnant women.

Bay Hospital Exec Resigns

South Bay Hospital's administrator, Russel B. Williams, has accepted an offer from Kaiser Foundation to serve as administrator of the 343-bed Kaiser Foundation, Los Angeles, it was announced last week.

Williams' resignation from 150-bed South Bay Hospital, Redondo Beach, was accepted by the Board of Directors of South Bay Hospital District at its regular monthly business meeting.

The 36-year-old hospital administrator will assume his new duties Jan. 1.

In his new assignment, Williams will be chief administrator of the biggest hospital in Kaiser Foundation's extensive network of approximately a dozen major medical institutions throughout California, four of which are in Los Angeles metropolitan area.

Williams began his South Bay Hospital administrative duties Jan. 1, 1960, with offices in the basement area of the 4-story building, which at that time was still under construction and seven months from opening.

His first duties involved purchase of equipment, hiring personnel to run the medical institution, and initiating formation of a medical staff.

Martin T. Coyle Named Manager

Newly named assistant branch manager of the Westchester branch office of Occidental Life Insurance Company of California is Martin T. Coyle, according to Thomas R. Cantwell, branch manager.

Coyle has been with Occidental for the past year and a half as an agent in the Westchester branch.

He resides in Torrance, at 2422 W. 180th Pl., with his wife, Sally, and children, Ronald, 7; Cynthia, 6, and Steven, 2. Coyle is an alumnus of El Camino.

Consumer Class In Better Buying At Adult School

A short unit consumer education class for interested adults will be offered by Gardena Adult School, 1301 W. 182nd St., each Wednesday evening, from 6:30 to 9:30, beginning Oct. 25.

Mrs. Ella DeVall, instructor, has had many years of experience in teaching consumer education in addition to several years as a buyer for retail and manufacturing firms. Class is designed to assist students in living better while spending less.

Class will teach people to shop more carefully—to take advantage of sales and specials, to read labels on cans with an eye to quality and quantity, and to eliminate non-essential food items.

Interested adults may register at any time prior to, or on the first evening of the class meeting. Additional information, DA 3-2688.
