## Curtain Rises Saturday on 'Birds' Christmas Carol

"The Birds' Christmas Carol," a three act drama production especially for children, will open Friday night at Hampton Theatre, 100 Wall St., Redondo Beach.

Hampton Players are more than happy to note that this, their first Christmas production, has already broken all their previous records for advance sales on any show.

Debbie Glaister portrays the role of Carol Bird, a young crippled girl. Carol lives in the "front house" with the parents who have adopted her.

The mother is played by Mary Billingshurst and the father is enacted by Jack Drake.

The life of a crippled and confined child could be a very lonely one. However, due to several people, the girl's mind and daily activities are kept active and alert, and vitally interested in her immediate surroundings.

The people who are so dear to the heart of Carol—and vital to the action of the play—include Uncle

**Her secret IS SAFE with us!**

Contact lenses have come a long way since they were first introduced to the human eye.

Now—so comfortable, so undetectable—contact lenses are for just about anybody: the self-conscious teen-ager, hating to admit she needs glasses... the society miss who feels that conventional glasses subtract from her youthful charm... the man or woman afflicted with forgetfulness who too often leaves their regular glasses at home. Whatever your reason for being interested, come in and see what Science has done about contact lenses to make them wonderful to wear.
