COUNTY IMPROVEMENT NO. 2126-M

NOTICE INVITING BIDS
Notice is hereby given that the Board of Supervisors of the County of Los Angeles hereby invites sealed proposals or bids for the construction of cement concrete curb and gutter, precast pavement on aggregate base and drainage structures in County Improvement No. 2126-M, First Street and other right of way in accordance with the terms and provisions of the plans and specifications for said improvement.

Said proposals or bids will be received by the Clerk of the Board of Supervisors, at the Public Counter, Room 600, Los Angeles County Engineering Building, 108 West 2nd Street, Los Angeles 12, California, until 9:00 a.m., on the 20th day of December, 1961, and will be opened, examined and declared by the County Engineer at 9:15 a.m. on the same day in the Hearing Room, Room 100, in said Los Angeles County Engineering Building.

Plans and specifications are available for inspection only and may be ordered at the following County Engineer's Regional Offices:
Los Angeles Regional Office
9557 East Flower Street
Bellflower, California
San Gabriel Valley Regional Office
1408 No. Kauffman Avenue
Temple City, California
Palos Verdes Regional Office
1821 West Lomita Boulevard
Lomita, California

Proposals must be submitted on the plans, prepared and furnished for the purpose, which may be obtained at Room 176, Los Angeles County Engineering Building, 1540 Henry Street, Los Angeles 33, California; at which office bidders may obtain copies of the plans and specifications for the contemplated improvement upon payment of \$10.00 plus 20 cents State Sales Tax per set. Such payment, however, will not be refunded, and the plans and specifications shall remain the property of the County Engineer.

Each submitted proposal must be accompanied by a certified check or by an acceptable bond payable to the order of the Clerk of the Board of Supervisors of the County of Los Angeles in an amount equivalent to at least ten (10) per cent of the total aggregate amount of the bid, as a guarantee that the bidder will, within fifteen (15) days after written notice that the contract has been awarded to him, enter into and execute the awarded contract, and furnish the required bond in connection therewith; in accordance with the terms of the aforementioned specifications.

The Board of Supervisors reserves the right to reject any or all bids, and to waive technical errors and discrepancies, if it so seems to best serve the interest of the County.

PREVAILING WAGE SCALE:

Pursuant to the provisions of the Labor Code of the State of California, the County Board of Supervisors has ascertained the prevailing rate of per diem wages in dollars, based on a working day of eight hours, for each craft or type of work or mechanic needed to execute the proposed contract, and will require that not less than said rates be paid to all such workmen or mechanics employed or engaged on the work.

The Contractor shall, in addition to the State or political subdivision on whose behalf the contract is made or awarded, forfeit ten dollars for each calendar day, or portion thereof, for each workman paid less than the stipulated prevailing rates for any public work done under the contract by him or by any subcontractor under him, and the body awarding the contract shall cause to be inserted in the contract a stipulation to this effect.

Provided that overtime rates, rates of pay for Saturdays, Sundays and holidays shall apply to those holidays as recognized in the collective bargaining agreement applicable to the particular craft, classification or type of workman employed on the project.

Provided that notwithstanding the general provision contained herein, Guards and Watchmen shall be paid one and one-half times the prevailing rate for overtime (overtime shall be time worked in excess of eight hours per day or forty hours per week), and the straight prevailing rate for time worked on Saturdays, Sundays, and where such time does not constitute overtime.

The rates of per diem wages for each of the various classifications of work shall be the hereinafter set forth prevailing rates of hourly wages plus the hourly equivalent of any employer's payment for health and welfare, pension, vacation and similar purposes multiplied by eight. Eight hours shall constitute a day's work; it being understood that in the event that workmen are employed less than eight hours per day, their per diem wages shall be determined to be that fraction of the per diem wages herein established that the number of hours of employment bears to eight hours.

FOREMEN—All foremen not herein separately classified shall be paid not less than 25 cents per hour more than the hourly equivalent of the daily rate of the highest classification in which he has supervision in the six Basic Trades.

RIGGERS—Same wage scale as craft to which rigging is incidental.
WELDERS—Same wage scale as craft to which welding is incidental.
APRENTICES—May be employed in conformity with Section 1777.5 of the California Labor Code.

Space Equipment Offices Ready for Occupancy

Occupancy of the new factory and office headquarters of Space Equipment Corporation was completed this week, Edward J. Horkey, president, announced.

The unit is the first part of a planned long-range facilities expansion program. Located at 2424 Moreton St., Torrance, the new 13,000-square-foot, two story structure houses corporate offices, engineering department and research laboratories.

It serves as headquarters for two Space Equipment divisions—Thompson Industries Division, and Kerr Products Division.

Space Equipment produces missile, space and industrial products. The firm's Thompson Industries division specializes in ground handling equipment, temperature control devices, fluid systems and ballistic devices.

Kerr Products designs and manufactures reinforced plastic and rubber products for defense and industrial applications. It occupies a nearby 6,000 square-foot production facility.

John Kennedy has been named sales representative for Space Equipment, Horkey announced.

He formerly headed his own firm, John Kennedy Enterprises, Inc., in North Hollywood. Previously he held executive sales posts with Theralco, Inc., Santa Monica; Hycon Manufacturing Co., Pasadena; and Products Research Co., Burbank.

Kennedy majored in engineering at Northwestern University. He is a member of AIAA Committee of AIEA and the Air Force Association.

TRUBLE
A lot of trouble in this world is caused by combining a narrow mind with a wide mouth.

Manuscripters to Learn Names of Prize-Winners

Loren Roberts, Southwest Manuscripters' president, will announce winners in the annual Christmas writing contest at the club's meeting at 8 p.m. Friday.

Meeting will be in Clark Stadium, 861 Valley Dr., Hermosa Beach.

Manuscripts submitted in the categories of short stories, articles, plays and poetry are being judged professionally, and cash prizes will be awarded.

Election of officers for the forthcoming year will precede the traditional exchange of Christmas-wrapped books.

All those interested in writing, professional or beginner, are invited to the meeting and coffee hour to follow.

For further information call Mary Edith Lindsay, secretary, FRontier 2-6159.

Marineland Lists Special Menu For Holidays

"To eat, drink and be merry," the theme of Christmas-time, will also be the theme during the holidays at Marineland Restaurant in Palos Verdes, where a menu befitting the joyous season is planned by Chef Dutch Holland.

Festive foods, including special children's dinners, will be served Christmas day from 11:30 a.m. to 10 p.m.

The regular seafood menu will also be available, but old-fashioned roast young turkey will highlight the special holiday fare.
