EARNINGS DROP

Most Latin American countries suffer from dependency on one commodity for the bulk of their foreign exchange earnings. Coffee brought \$2 billion in earnings for Latin American countries in 1956. In 1959, these earnings had dropped to \$1.5 billion, even though more coffee was exported.

DRESSINGS

Dressings are available without cost to all cancer patients. Call the nearest office of the American Cancer Society.

ONE NOTEBOOK

In many parts of Viet Nam, Hong Kong and elsewhere school pupils own one notebook in which they write their lessons, then erase to use again. A \$1 CARE school kit gives one child enough writing supplies for a year.
