

TORRANCE teachers discuss ideas and practices which they will bring up Saturday, Feb. 24, at the city's "Good Teaching" conference. Exchanging ideas are (left to right) Gerald Mays, Walteria Elementary School; Mrs. Irma Wilson, South High School, and district curriculum consultants Mrs. Gertrude B. Aldershof and Dr. W. B. Wagner. List of 60 good teaching practices will be presented at the conference.

Exchange of Ideas at Teachers' Conference

"Good Teaching" will be the theme of a conference to be held at South High School, Saturday, Feb. 24, for all members of the Torrance teaching profession and guests. It will provide an opportunity for the exchange of teaching ideas and practices. Many major areas taught in Torrance classrooms will be among the practices demonstrated in art, mathematics, English, music, physical education, science, social studies, practical arts, reading, guidance, physical fitness, and classroom creativity.

This is the second annual Good Teaching Conference and promises to surpass in attendance and success the one held a year ago. Many inquiries and requests to attend the affair have been received from educators in other school districts and colleges in the area.

at South High School, beginning at 8:30 a.m. and keynote by Dr. Myron C. Olson, Professor of Education at USC, teachers will attend various practice and demonstrations in classrooms at South High School and Calle Mayor Elementary School.

The conference, co-sponsored by the Torrance Educational Association and the Torrance Unified School District, has been planned by the following: Mrs. Irma Wilson, vice president, TEA; Dr. J. H. Hull, Sup't. of Schools; James Armstrong, president, TEA; Dr. A. N. Posner, assistant sup't., education services; Dr. Carl Ahee, principal, Torrance High School; Dr. W. B. Wagner, Jr., curriculum consultant; Mrs. Gertrude B. Aldershof, curriculum consultant; Gerald Mays, TEPS chairman; Mrs. Marie Swanson, secretary of committee.

After the general meeting

Realtor of the Week

By Shirley Mason

In 1947, after serving in the Army Air Force in World War II, Ken Peters, Realtor, came to California to work as manager of Elworth Cadillac Service. Originally he is from Lockhaven, Pennsylvania.

He entered real estate for Roy Shaw about 1957 and obtained his own brokerage, at 2367 Lomita Blvd., Lomita, 3 years ago. He now has eight experienced and courteous salesmen on his staff at Ken Peters Realty.

Ken was presented the presidential award in 1960 by President Lee Dawson for his extra participation in Real Estate Board activities. At recent installation ceremonies of Torrance-Lomita Board, he was named Realtor of the Year for 1961 and received a trophy from Ken Miller, chairman of the committee that chose him. He has served on the board of directors and as chairman of the building committee, which culminated the board's 1961 building program.

Ken and his wife, Jean reside in southwest Torrance and have lived in the Torrance area since 1955. Ken Peters has been said to possess the ability to follow through on any job that he is given and the straight forwardness to present the facts as they really are. This alone is something to consider when you are buying real estate, other than the fact that he knows his real estate field very well. If you are thinking of buying or selling real estate and you want a man you can have complete confidence in, this is Ken Peters, Realtor.

Note Hike in Area Telephones

Torrance Fairfax exchange telephones increased in number from 16,618 at the end of 1960 to about 17,850 at the end of 1961, Dick Pyle, Pacific Telephone's local manager announced this week.

Pyle said that while this growth was taking place, local telephone users initiated an average of 71,900 calls per day from the network—calls destined to other parts of the city, state, nation and the world.

Pacific is paying over \$238,300 in taxes to the city of Torrance during the present fiscal year, he said.

Mothers to Register for Child Observation Classes Tuesday

Registrations for the Mc-Masters Park Child Observation Classes, in which mothers attend with their pre-school children ages two and one-half to five, will be held at the park at 9 a.m. Tuesday, Feb. 6, and Thursday, Feb. 8. Ray Collins, Torrance Evening High School principal, announced today.

The classes, three hours in length, feature one hour of adult discussion on parent education. During the first semester, ages and stages of child growth and development were stressed, and during this semester the role of the modern mother in today's society will be explored. During the adult class session, led by Mrs. Lillian L. Randall, teacher, the children enjoy supervised play out of doors.

The remainder of the morning the children enjoy a program of play with creative materials such as clay and palm, jute, rest, finger games and songs, learning to cooperate with and enjoy their contemporaries while they manipulate puzzles and snap trains. Special features of the class are the children's and adult lending li-

braries. Mothers not only take written observations on their children's reactions and behavior, but also learn techniques in supervising groups of children at various types of play.

Cost of the classes is small. Mothers purchase all play equipment used in the program. Registration is limited to 40 adults. Mothers will also need to furnish information regarding polio immunization for themselves and children.

Officials Seek Denial of 'Beer, Wine' License

The Los Angeles City Recreation and Park Commission last week forwarded to the California State Alcoholic Beverage Control Board a formal protest against the requested issuance of an "off-sale beer and wine" license for an establishment directly across the street from Banning Playground, near Carson, which is in the 15th District represented by Councilman John S. Gibson Jr.

The Recreation and Park Commission protested issuance of the requested license pursuant to a State Statute which authorizes the Alcoholic Beverage Control Board to deny applications when the site to which the application applies is within 600 feet of a school or playground. The premises in question are 129 feet from the home plate of Banning Playground's baseball diamond number one, the Commission pointed out.

Also, the Recreation and Park Commission said, if the permit is issued, the consumption of beer and wine thereby permitted would take place in considerable degree upon the public playground.

Ten Torrance Girls Pass VN Examinations

Among the thirty-two recent graduates of the vocational nursing curriculum at Harbor College named as passing the October licensing examination of the California State Board of Vocational Nurse Examiners were ten Torrance residents, according to Roberta Lindberg, director of the program.

The ten named were: Mary Arcoho, Virginia Basrub, Pilar Frese, Elizabeth Jackson, Mary Keene, Jeanette King, Donalee Reeves, Margarita Schriver, Judy Sotuyo and Beverly Watson.
