Francis Shaw Named to Southwest Savings Post

The Board of Directors of Southwest Savings and Loan, Torrance and Inglewood, announces the promotion of Francis M. Shaw from vice president to the post of senior vice president. The election was held during the Board's February meeting.

Shaw, a native son, was born and raised in San Diego. Completing his education, his many years of banking experience began with the Trust and Savings Bank in San Diego where he remained for ten years. During the following ten years he was associated with the Bank of America in the Los Angeles area. At the request of Fred E. Edwards, president of Southwest Savings, Shaw joined the new organization in 1946 in the capacity of office manager. His advancement was rapid, and he is credited with contributing vitally to the growth of the savings institution of which he is now a major executive.

Francis Shaw is well-known in savings and loan circles. In addition, he is active in civic and community affairs having served as president of the Southwestern Lions Club and presently as president of the Roving Lions Club of the Harbor District.

Councilman Says City Auditorium Is Vital Need

Torrance is living in a cultural vacuum and needs a breath that only a new municipal auditorium can provide.

This is the view of Councilman J. A. Beasley, who is a candidate for re-election in the April council race.

"We have arrived at a size in which absence of an auditorium makes no sense," Beasley declared. "Cities smaller than ours are enjoying fine entertainment and good music. If we want to do so, we must go elsewhere. This is sheer idiocy in a place that has thrived in every other area."

Beasley started his campaign for a new auditorium when the old one was torn down nearly four years ago on Cravens Ave. to make way for commercial activity. He pledged to continue this effort in the coming term of the council.

Beasley, who has served four years on the Recreation Commission and the same duration on the Planning Commission, is widely known for his work with the Inter-City Highway Committee, of which he was elected president last year. The highway group slashed the completion time on the San Diego Freeway and has gained Torrance numerous advantages through the state legislature.

The candidate and councilman is a member of a dozen civic and service groups and is active in the Walteria Methodist Church.

POSE SUBJECTS

You can avoid dark and underexposed backgrounds when making indoor color movies if you pose your subjects fairly close to the wall or background. The darker the background, the closer to it your subject must be.

CHANGE

There's one change in the pre-season schedule of the Los Angeles Angels. The Angels are playing the Houston Colt 45s on April 6 in Dallas and Ft. Worth—not the Dallas-Ft. Worth Rangers.

GOOD SEPARATION

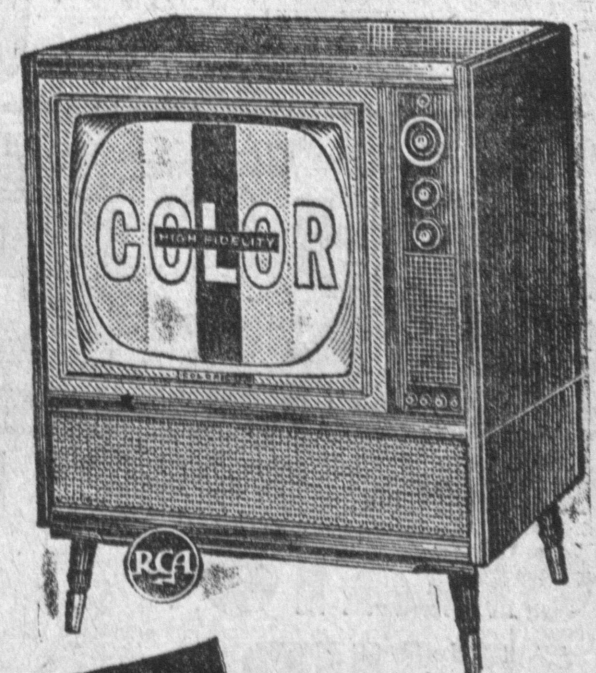

When there is good color separation between the subject and its background, it is true that front lighting can be very effective for picture-taking.
