PRETTY 17-YEAR-OLD GIRL COMMITS SUICIDE

Takes Own Life After Family Argument

A 17-year-old South High School student apparently took her own life Monday afternoon, following a family argument.

Clairese E. Blickenstaff, 24851 Hawthorne Blvd., fired one shot into her right temple as police, hastily summoned by the girl's foster mother, approached.

Death Scene Will Be Turned Into N. Torrance Park

City councilmen were congratulated last night for rapidly solving problems in a North Torrance area. A huge, water-filled clay pit near the area had posed a hazard until prompt city action had caused fences to be erected and had started filling operations.

Six-year-old boy drowned in the unprotected pit two weeks ago. When the pit is filled, it was learned in a pre-council meeting with homeowners of the area, the land will be donated to the city and will be converted into a park.

Owner of the property, Henry M. Guenser, 1236 W. 164th St., said the property, located at 178th St. and St. Andrews Place, will soon be filled and ready for the city to take over. Empty pit is presently being used as a private dump. City officials said that when the dump is filled and donated, it will have between 11 and 12 acres to build the park. R. A. Watt, owner of adjoining land, has also promised to donate a half acre to the park site. City already owns an adjoining parcel that is being used as a Little League field.

Her mother, Mrs. Nancy Dinwiddie, told officer that she had argued with the girl, who went outside to a trailer-bedroom. Before leaving, she said, the girl took her father's pistol and threatened to "kill herself and anyone who came near her."

CALLER POLICE

The frantic woman called police, who immediately dispatched Officers Harry Waugaman and Donald Flaherty to the scene.

As the officers approached the trailer, they said, they heard the muffled sound of a shot.

Going inside they found the attractive girl lying unconscious on the floor with the small pistol lying beside her.

She was pronounced dead on arrival at Harbor General Hospital.

The girl's mother said that she had argued with her over "too much dating."

She stated that the girl had asked her to make a pair of capris and that she had been too busy to finish them, and that this had brought on the argument.

Mrs. Dinwiddie said that they often argued over dating, clothes and school. She said the girl was "independent and very high strung."

DIES AFTER ARGUMENT — Unconscious South High senior Clairese E. Blickenstaff, 24851 S. Hawthorne, died on the way to the hospital Monday afternoon. Seventeen-year-old girl fired shot into her right temple following a family argument with her

foster mother. Officers called to take the gun away from the distraught girl said that they heard a muffled shot as they approached her bedroom. They found the girl lying on the floor, the pistol beside her.

\$200 Gift to 'Y' Presented By Local Realtors

Jack Schmidt, president of the Torrance-Lomita Board of Realtors, yesterday presented a \$200 check to Laurel Lee Poser, of the Torrance Family YMCA.

Gift will go toward the operation of the local youth agency for the coming year. The 1962 goal of \$40,000 is necessary for conducting an active program of 218 youth groups, 24 camping sessions, athletic leagues, leadership training and personal counseling.

Smith stated that the realtors support the "Y" because all funds are used directly for boys and girls living in Torrance and Lomita. He pointed out that over 30 realtors have also made individual contributions to the "Y" drive this year.

Mrs. Poser expressed YMCA gratitude for the gift and reported that this contribution brought the campaign total to \$22,000. She urged all citizens to consider making a contribution to the local YMCA in order to keep its many services going for over 6000 local kids.

WEEKEND RAID . . .

Arrest 15 Teenagers in Alleged Drinking Party

Fifteen teenagers were taken into custody over the weekend in what Torrance police described as a "drinking party," it was reported Monday.

Most of the boys and girls arrested were turned over to their parents after extensive questioning. Boys over 18 years of age were held on possession of alcohol charges.

Ages of the youngsters ranged from 14 to 19 years of age.

Arresting officers said that the suspects were holding the drinking party in an empty house at 23929 Ocean Ave. They said they became suspicious when they noticed two girls enter the house. When the door was opened for them they noticed that the house was lit by candlelight. Electricity in the empty house had been turned off.

When officers entered, they said, they were met by a laughing 18-year-old youth who informed them that he was holding the party but there was no drinking going on.

However, investigators said, they found whiskey, vodka, gin and beer in the house.

Arthur C. Anderson, 44, of 1246 Renton Ave., Torrance, was hurt in the crash with Floyd's car. He was treated and then released from Gardena Hospital. He suffered bruises and lacerations on his head.

Witnesses to the accident said that Floyd made a left turn in front of Anderson's car at Vermont Ave. and Artesia Blvd. After the crash, Floyd stopped his car. After waiting a few minutes he suddenly put the vehicle into gear and sped from the scene.

He was later identified by several witnesses to the accident. He listed his occupation as driver of a vacuum truck.

Eight-year-old Charles T. Thomas was seriously injured Sunday after falling into a Harbor City construction excavation, where he was impaled on a five-eighths-inch diameter steel rod.

The boy apparently rode his bicycle down a driveway and tumbled into the six-foot-deep hole at 1527 W. 251st St., according to investigating officers. Falling on the steel rod, he was pinned until his brother, Vernon Lee Thomas, 12, pulled the boy free and called the parents.

Police said the Mojave youth and his brother were in the city visiting friends.
