NICK HARRISON

LEONARD GERKIN

Engineering Service corporation has named Nick Harrison and Leonard Gerkin vice presidents, J. R. Newville, president, announced recently.

Harrison, formerly treasurer of the firm, was project manager on the Watteria subdivision in Torrance which won the first annual award for planning and engineering excellence of the California Council of Civil Engineers and Land Surveyors in 1961.

Gerkin, former corporate secretary, is supervising de-

velopment of 7,000 acres of hillside land on Palos Verdes peninsula.

Harrison and Gerkin have directed planning and development of over 100,000 lots for subdivision purposes undertaken by the firm since 1948.

**Fred Spangler States Reasons For Candidacy**

"I feel that a new and efficient handling of the business of this office will result in savings for the taxpayers of Torrance and a healthy change, in what, over the years, has become

FRED SPANGLER

a stereotyped position," stated Fred Spangler, candidate for City Treasurer.

Spangler was educated in Germany, where he attended high school and business college. He established and owned a successful manufacturing business in that country until 1939.

"I have a special reason for deciding to serve Torrance as treasurer. It was only 23 years ago that I lived under a dictatorship where there were no free elections. Public officials were appointed and the people did not have a choice in their government.

"When I came to the United States, I realized what precious possessions democracy and the right to participate are. Because of this I feel that I should contribute something to the country which has given so much to me.

"I pledge to serve the purpose of democracy in the city of Torrance and to devote my time and energy to keeping this the most dynamic, fastest growing city in California."
