

## For Belt Life

V-belts that eliminate stretch and improve belt life by as much as four times have been developed by B. P. Goodrich Industrial Products Company for the pow-

er drives on household appliances and industrial equipment. The new belt construction, called "Glass-tek," overcomes the problems of low flex life and internal wear.

## SALUTE

Harvey H. Bohman, son of Mr. and Mrs. Orville W. Bohman of 1138 Maxfield St., Torrance, was promoted to interior communications electrician third class, USN, May 16, while serving aboard the ocean minesweeper USS Energy, operating out of Long Beach.

A graduate of San Pedro High School in San Pedro, Bohman entered the service in October 1959.

Jimmie A. Bales, radarman third class, USN, son

of Mr. and Mrs. R. M. Bales of 958 W. 204th St., Torrance, was promoted to the above rate on May 16, while serving aboard the attack aircraft carrier USS Bon Homme Richard, currently undergoing training operations off the coast of San Diego, Calif., in preparation for a cruise to the Far East this summer.

Advancement is the result of passing a fleet-wide competitive examination administered last February.

Pvt. Lester D. Hupp, USMC, son of Mr. and Mrs. L. M. Hupp of 23327 South Anza Ave., Torrance, com-

pleted four weeks of individual combat training on June 1, while attached to the Second Infantry Training Regiment at Camp Pendleton, California.

With emphasis on tactical matters and the field and combat skills needed by the fighting marine, the training prepares the Leathernecks to take their place in the small fighting units—the four-man fire team and the 14-man squad.

Combat training is required of each marine completing recruit training.
