

Two U.S. Steel Foremen Retire At Torrance Works Division

Retirement of William B. Elvera, and two sons, joined the Torrance Works in 1935 as a laborer. He was a finisher on the 12 inch mill before his promotion to turn foreman.

Donofrio served in the submarine service in World War II as a master machinist mate first class.

Adult School

Adults may enroll to study for their high school diploma or for courses in real estate, piano, machine shop, wiring and soldering, photography, auto mechanics, typewriting, upholstery, swimming, etc.

Banning Adult School has always been open only two nights a week in the summer, but this year from July 9 through Aug. 16 a four-night program has been initiated.

The swimming classes with Mr. Hanley as instructor have always been popular and will be held from 6:30 to 9:30 on Tuesday and Thursday nights.

The office is open days at this time for information and pre-registration and will also be open the nights of July 2, 3, and 5. For further information about classes call TE 4-2343.

Almost 45 per cent of the nickel used by the free world in 1961—or about 225,000,000 pounds—was consumed in the United States.
