

# Best Buys' for Homemaker Offered by Community Chest

In these days of careful spending, everyone — from the homemaker on a tight budget to the busy executive with plans for his family's happy future — is looking for best buys.

Here are today's offered through the Community Chest:

\$1 will buy a small crutch for a crippled child or two penicillin shots for one who is sick.  
\$2.45 will buy seven hot

lunches and milk for a child who probably has come to school breakfast-less.  
\$3.50 will buy the plaster for making two casts for a baby with club feet.

\$6 will give a half-hour of skilled pool treatment to ease the pain and relax the cramped limbs of a suffering child. Or pay for a home visit from a ministering visiting nurse.  
\$12.90 will give four months' understanding guidance and

training in good habits for an underprivileged child through a Boy's club.  
\$25 will provide two weeks care in a day nursery for a child from a broken home with a single parent that must work.  
\$54 will give a day's care

including such special services as X-rays, lab-tests and use of an operating room — in a Community Chest sponsored hospital.  
Last year nearly 50,000 families in the Harbor Area received these and other services from one or more of

the 155 Community Chest-aided agencies whose job is to meet the community's need.

There is no genius in life like the genius of energy and activity.  
—Donald Grant Mitchell
