Sharp Men's Fashions By "h.i.s."

Right out of the pages of men's fashion magazines comes this brilliant "new-look" style interpretation! The jacket is the up-to-the-second one button model. Lapels are notched and very narrow. Jacket length is slightly shorter than usual, with cut-away front slanted pockets, side vents and solid contrasting lining. Single-breasted vest has flattering square bottom. Extra-narrow Blade slacks taper down to cuffs! 15" bottoms. Hand-somely tailored in Reverse-Twist; wanted new color-tones.
