

Citizens' Group Forms to Support Dr. McClure

A more practical education, specifically tailored to meet the individual needs of each student, is the aim of the recently formed Torrance Interested Citizens' Committee for John McClure, M.D.

McClure's candidacy for Torrance Board of Education was announced by Donald Pennington, selected as chairman for the group. Assisting Popovich, are John Barton, Dr. J. R. Bloomfield, Piercy, Harmon Belcher, John Peterson, and Mrs. Warren Scherich.

Area chairmen are Mrs. Renee Deant, Mrs. Helen Stout, B. F. Stevens, Rad Freeman, John Peterson, Tom Roach, Mrs. Lee Boxer and John Muldahill.

"We have a fine candidate in Dr. McClure," said Pennington. "He has no axe to grind. He is simply, but keenly, interested in children and their education."

the individual needs of the student are accepted.

"A child's right to the best in public education is part of his heritage as an American. In Torrance, we are depriving our children of this rightful education by allowing our school system to be directed by those more interested in personal gain than in the children themselves," said Dr. McClure.

A South Bay physician for the past eight years and a second generation Californian, Dr. McClure completed his medical studies at Stanford University and spent two years in medical residency training. He served in the United States Air Force in 1945-46.
