

A MESSAGE TO

Governor Edmund Brown

It is the part of the responsibility of your leadership to make sure that the new four-year college to serve the people of the South area is located where it will best serve the future educational needs of all the people.

It is quite obvious that the Torrance site is geographically located to best serve the students in the southern portion of Los Angeles County. The map clearly indicates the mileage from the nearest colleges and the proximity of the Torrance site to the existing state colleges.

This matter should be far beyond any political maneuvering by party big-wigs, or financial tycoons.

The people, business and industry of Torrance are almost unanimously in favor of the college coming to Torrance. We would welcome the college and its students as an integral part of our community.

THIS MESSAGE IS MADE POSSIBLE BY THE FOLLOWING BUSINESSMEN IN THE SOUTH COAST AREA
