### THE HARBOR FREE-WAY

This week of May 19-25 is set aside for a salute to one of the largest yet lesser known of America's businesses-world trade. This is the 37th annual World Trade Week in Southern California.

No one knows the ultimate benefit that is derived from the bustling international sea and air traffic here, but the U.S. Department of Commerce has figures to show that more than \$1.3 billion was generated in the two-way commerce of Los Angeles and Long Beach Harbors and Los Angeles International Airport in 1962. It is estimated that 250,000 jobs are tied directly to world trade.

It is more than a feather in the civic cap of the Los Angeles-Long Beach metropolitan area. World trade in the modern world is a necessity to maintain the strength of free nations and to continue a prosperty that can only feed on the unfettered exchange of goods and services. During World Trade Week it is wise for all Americans to pause for thought about this simple truth: "World trade is your business."

# Alfonso L. Corpus Pays Service Day Visit to Concord

Alfonso L. Corpus, electrician's mate fireman apprentice, USN, son of Mrs. Dolores L. Corpus of 18322 Faysmith, and Ernest A. Luning, seaman USN, son of Mr. and Mrs. Ernest C. Luning of 2614 W. 180th St., both of Torrance, visited Concord, Calif., Saturday aboard the destroyer USS McDermot.

The visit was part of the McDermut's Armed Forces Day activities. The ship will be open to visitors during the import period.

Early in June, the McDermut will be in Cancouver, British Columbia, to take part in that city's Maritime Fair celebration. Upon leaving Vancouver, the destroyer will go to Portland, Oregon for the annual Rose Festival from June 12 to 16. In early August, the McDermut will be in Seattle for the Sea Fair.

### CITY GETS \$25,602 IN LIQUOR FEES

The city of Torrance has received \$25,602 as its sixmonth share of the fees paid by holders of alcoholic beverage licenses.

The payment was made by the state department of alcoholic beverage control, which allocates 90 percent of all license fee money back to individual cities and counties to be used for the many remaining 10 percent goes into the state general fund.

style apartment, according community leaders from for the period.
