Mr. Wolfe will discuss architecture in general, with particular reference to the architect, his functions, and problems of planning and design in the field of residential architecture. A licensed architect, he is with the firm of Harrison and

wolfe in the Crenshaw area.

The dessert meeting will be held at 8 p.m. at the Manhattan Beach home of Mrs. Orlando Tafoya, 3208 Poinsettia Ave. Branch members, their husbands, and friends may make reservations with Mrs. Tafoya, FR 9-0568, or Mrs. James Boyd, FR 8-1470.

A resident of 2504 Pine Avenue, Manhattan Beach, Wolfe has practiced as an independent architect with his own firm for six years. His firm, which specializes

in commercial, industrial, and public works architecture, recently designed the Centinela Valley Regional Library in the Hawthorne Civic Center.

Mr. Wolfe is licensed in both California and Montana. A 1951 graduate of the University of California at Berkeley, he is a member of the American Institute of Architects and a charter member of the American Registered Architects.

He and his wife, Marty, have two children.

The art study section, under Mrs. Boyd's chairmanship, offers opportunities to branch members for appreciation and understanding of aesthetic experience.

Sculpture, architecture, mosaics, painting, art education, and commercial art have been included in the planned program of study this year. Featured speakers have been: Mrs. Ray Garza, artist and art teacher; Mrs. Jerold Harlow, owner of a commercial art firm; and Mrs. Judson Grenier, artist.

The branch also offers an extensive, diversified study-action program in the areas of books, elementary and secondary education, higher education, international relations, mass media, music, social and economic issues, and status of women.

In addition to supporting legislation commensurate with the study-action program, the organization contributes to a fellowships program which awards annual stipends to women scholars for advanced study.

The group also schedules monthly programs of general interest in keeping with its purposes of continuing intellectual growth, advancement of women, and responsibility to society.

South Bay women college graduates with degrees from institutions accredited by the association are eligible for membership in the local branch. Interested individuals may contact Mrs. Ronald Webb, membership chairman, FR 2-4167, for additional information.
