THE POLITICIAN The Documented Story Of Dwight David Eisenhower Plastic Cover, Link Binding . . . 456 Pages **Price: Eight Dollars** 

For several reasons the format, binding, and even the reproduction from typewritten composition, of the original unpublished document, have heen preserved. A prologue, epilogue, extensive bibliography, seventy-three pages of documentary footnotes, and index have been added.

Because this had been made by my critics into one of the most controversial books of the Twentieth Century, I have neither asked nor allowed anyone else to take any responsibility for it except myself. And the purpose of publication at this time is to make the present decade more understandable through knowledge of the last one.
