

MODERN LIVING

Two-Year-Olds Studying at North High

Something new has been added to North High's modern living classes—students from the ages of 1 to 5. These children will be observed by the girls in the modern living classes. They will observe what the children like to do and have the ability to do. During the eight days the children are in North High's

play school, they will learn dances, songs, how to work with clay, color, and work puzzles. "Play school is the climax of eight weeks of study and preparation of child development," Mrs. Harriett Christian, homemaking and modern living instructor, stated. The girls in the Modern

Living classes have made room 320 into a play school like the one they saw at the Torrance Day Care Center, where they recently went on a field trip. Mrs. Christian also remarked. The children are friends and relatives of the girls, and some are children of members of the faculty at North.

SPACIOUS MASTER bedrooms in Merit Carson feature Van Luit hand print wallpaper. Quality drapes and carpeting over 50 oz. pad are included in purchase price.

'Own Your Own' Apartments On Display by Merit Carson

Merit Carson own-your-own apartments, featuring a large community recreation room, with kitchen and barbecue equipment, putting green and shuffleboard, are ready for occupancy, according to builder George Chacksfield. The 78-unit project, at Carson Street and Maple in Torrance, represents an investment of \$1.5 million. All of the apartments, which incorporate one, two and three bedrooms and dens, face a landscaped inner court and have sliding glass doors to balcony patios. Designed for residents 16 years and older, plans have both one and two bath units. Prices range from \$15,900 to \$19,700 on the Gold Medallion, all-electric units, with flameless radiant heat

in ceilings, thermostatically controlled in each room. Kitchens have built-in electric range, oven and dishwasher. All the units, according to Chacksfield, feature ash cabinets, 100 percent nylon carpeting, draperies, cultured marble pullmans, mosaic tile showers, ceramic tile, colored plumbing fixtures, hand-print wallpaper in master bedroom suites and ceramic tile counters in kitchen. With an own-your-own apartment, according to Chacksfield, the buyer receives a grant deed and a policy of title insurance. Merit Carson on Carson Street has its beautifully furnished model homes open daily.

'Shoestring Strip' Street Work Nears

Final link in street improvement in the Torrance Shoestring Strip from 203rd Street to 227th Street will be paved, Councilman John S. Gibson said today. Contract for improvement of Denker Street from Carson to 221st Street has been awarded to H. E. Baker Co. The Baker firm submitted the lowest of seven bids and received the award of \$39,881. Public fund contribution in the amount of \$12,850 will provide for removal and replanting of trees in the parkways. The improvement will consist of a 36-foot paved roadway with curbs, gutters and sidewalks. Councilman Gibson also announced that a petition for the improvement of 228th Street is now being circulated. The councilman also reported that bids would be received today for the 208th and Denker Street crossing over the Pacific Electric tracks. Work on the Denker Street job is expected to begin in about three weeks.

Music Professor's Work Slated for Plaving Abroad

Dr. Ernest Kanitz, a member of the Marymount College music department, has received word that three of his major compositions will be presented here and abroad. "Sonata Breve," a piano trio, will be played June 9 at the Austrian Institute in London, and "Perpetual," an opera, will be staged June 10 by the New York City After-Dinner Opera Company. Scheduled for the 1963-64 San Francisco Symphony season is his "Concerto for Bassoon and Orchestra," with Joseph Krips as conductor. Dr. Kanitz, who resides in Van Nuys, is planning to complete a three-movement symphony this summer.

North High Teacher Wins Scholarship

Joseph Reinhardt, North High chemistry instructor, has been chosen by the National Science Foundation to attend the University of California at Berkeley with a scholarship he recently received. Reinhardt will spend eight weeks at the university studying for a "focus around new curriculum in high school chemistry." In order to obtain his scholarship he had to present an application and his background from college. Before beginning his eight years as a teacher at North, Reinhardt was a lab scientist at a lab in Davis, California. To buy, sell or trade use The Press Classified Ads. Phone DA 5-1515.

'Clean-up Month' Slated in Lomita

June will be "Clean-Up-Fix-Up" month in Lomita under provision of a proclamation approved this week by the Board of Supervisors. Supervisor Burton W. Chace submitted the resolution at request of Ethan R. Haslage, secretary-manager of the Lomita Chamber of Commerce.

Watson Backs 'Nesvig Plan' For Reform of State Taxes

County Assessor Philip E. Watson today gave a qualified endorsement to Senate Bill 1463, the "Nesvig Plan" for reforming the state equalization procedures, providing the bill is amended so that there will be no filing of appeals beyond the Dec. 10 deadline for paying the first installment of taxes. In a statement released today, Watson said the measure was a giant step in the direction of insuring the rights of the taxpayers, but he repeated his objections to the filing period originally stipulated in the bill, which would have run for two months beginning on the third Monday of December. "I believe this confuses the taxing and assessing processes," Watson said. "If one

must wait until after he pays his taxes to file a protest on his assessment, there is a natural tendency to file a protest if there is any increase in the amount of his tax bill. "Technically, the taxpayer is protesting his assessment, but emotionally he is protesting higher taxes, over which the Assessor has no control." Assessor Watson said it is his understanding that the bill will be amended to move the filing time forward, beginning about the first of October and closing about mid-November. In this form, he said, he would support the bill, with reservations and on a trial basis, though he would still prefer to have the filing time begin, as it does now, on the first Mon-

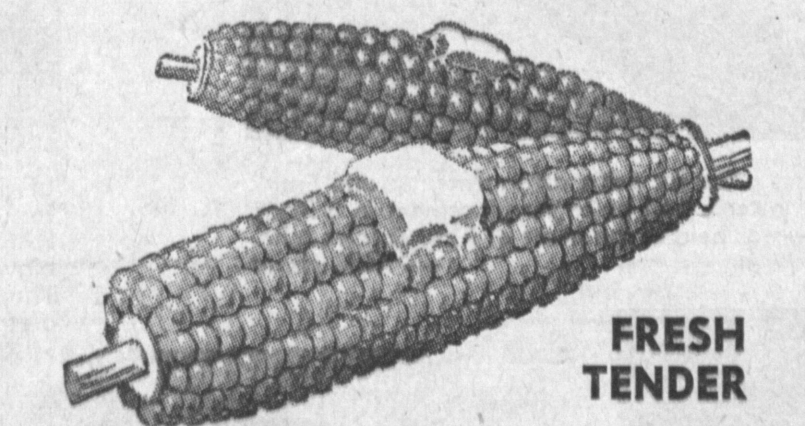

day in July, but extend the period to the third Monday in August. Watson said he felt it was imperative that the present "inadequate and antiquated" equalization procedures be overhauled to give the taxpayer an opportunity to a fair and impartial hearing to which he is entitled. The Assessor pointed out that the present equalization hearings give the taxpayer an average of only six minutes per petition, which "cannot possibly insure equity." Terming this an "appealing situation," Watson said he had decided to accept an amended Senate Bill 1463, in order to get moving toward greater equity. Meantime, he said, he would continue to work for notification of all taxpayers of their

assessments, which he considers essential to any overall solution of the problem of equalization.
