

County Approves Library Contract with Torrance

Approval of an agreement which the County will provide library service to the City of Torrance for five years was announced today by Supervisor Kenneth Hahn.

Hahn pointed out that Torrance is the only city which currently contracts for services from the county library, rather than receiving services as a member of the library district.

"The city has contracted with the county since 1935," Hahn said.

The agreement covers the North Torrance library at 3614 Artesia Blvd.; Torrance library, 1345 Post Ave.; Henderson library, 4805 Emerald St.; W. 242nd St., and El Retiro library, 126A Vista del Parque.

Hahn pointed out that under the agreement the city provides the library facilities and maintains them, and the county provides staff and books.

The city then reimburses the county for the full cost of staffing, services and book purchases.

Also included in the agreement is a provision allowing non-residents to use the facilities of Torrance libraries. The city receives credit on its bill to the county for each non-resident using the library.
