#### WHO HAS 64'S WILDEST NEW CAR?

## Avalon Motors - Buick

(THAT'S WHO)

Behold the Buick Wildcat for 1964 . . . one of the year's greatest packages of all-around fun, performance and liveliness. Standard power in this exciting new Wildcat is Buick's famous Wildcat 445 engine which you can team either with the stick-shift action of 3- or 4-speed synchromesh transmission or the incredible smoothness of Buick's new Super Turbine "400" transmission (optional at extra cost). Both in side and outside the Wildcat is a dream. There is racy new styling highlighted by the Wildcat's own exclusive grille and side mouding trim. Inside you can choose from a handsome selection of bench-style seat interiors or enjoy the sportiness of bucket seats at slight extra cost. The price? Surprisingly low.
