

Tordena Wins Two Series Tilts

Keggas Capture Tourney

The Taft-Allen Tappa Keggas today reign as American Softball Association slo-pitch champions for California following five consecutive tournament wins in Lynwood last week.

The Keggas, who boast a 43-3 record for the year, wrapped up the state championship with a 3-2 win over the San Pedro Culligans Thursday night.

Chuck Ryan hurled six innings of two-hit ball to corral the win and run his season pitching record to 23-2. Ryan shutout San Pedro for six innings before the Culligans exploded for four hits and two runs in the final stanza.

RAY MAGNANTE, the tournament's Most Valuable Player, and Mick Ryan paced a 10-hit Keggia attack with two safeties apiece.

A 4-1 triumph over the Long Beach Naval Station Tuesday night propelled the Keggas into the championship game. Again it was Chuck Ryan notching the win as he limited Long Beach to five hits.

Victory in the tournament qualified the Tappa Keggas for next month's national slo-pitch tourney in Chicago. Keg manager Chuck Ryan doubts his club will compete in the Chicago tournament due to a lack of money. Ryan estimates it would take \$2,000 to send the Keggas back East.

THIS WEEKEND, the Keggas are competing in the Southern California Municipal Athletic Federation Tournament in Torrance. Semi-final games in the SCMAF tourney will be played at 6 and 7:15 p.m. today in Torrance Park while the championship contest will be played at 8:45 p.m.

DOVES, RABBITS

Tuesday Will Mark Start Of Two Hunting Seasons

California's 1964 dove-and-rabbit-hunting seasons will open Tuesday in the northern two-thirds of the state according to the Department of Fish and Game.

The cottontail rabbit season will run through Jan. 3, 1965, except for the north-eastern corner of the state where the season will close Dec. 13.

Southern California's cottontail season will open Saturday, Sept. 5, and run through Jan. 3. This area in-

cludes Los Angeles, San Bernardino, Orange, Riverside, San Diego and Imperial counties and that part of Ventura County east of State Highway 33.

The cottontail season also includes brush rabbits, pigmy rabbits and varying hare. Daily bag and total possession limit is five rabbits in the aggregate of all these species.

A description of seasons, areas and other information on hunting seasons and bag limits is contained in the

DFG's hunting regulations booklet.

This may be obtained from license agents and DFG offices throughout the state.

A VALID 1964 hunting license is necessary to take cottontail rabbits. The Department said that even though jack rabbits may be taken at any time of the year, and there is no bag limit, a hunting license is required to take them.

The dove season will run from Sept. 1 to Oct. 10 in the northern two-thirds of the state. The season in Southern California opens Sept. 5 and runs through Oct. 14.

The Southern California dove-hunting area is identical to the area established for the cottontail season.

A HUNTER may not possess more than 11 doves on the opening day of the season. Shooting hours for doves will be from one-half hour before sunrise to sunset.

New Federal regulations concerning doves require hunters to retain one fully feathered wing attached to all dressed migratory birds. This includes doves, since they are migratory birds.

Another change in Federal regulations permits doves to be taken in areas where shelled, shucked, or unshucked corn, wheat, or other grain, salt, or feed has been distributed or scattered solely as a result of valid agricultural operations or procedures.

This includes feed lots and grain storage areas. This does not give hunters the right to trespass, the Department reminded, and private property should not be entered without permission from the landowner.

THE SEASON will be 10 days longer than last year, and the bag limit has been increased by two birds over the 10 allowed in 1963.

This was permitted by the Federal framework, within which the Commission set seasons and bag limits, because of the large population of doves this year.

White-winged dove season will be Sept. 5 through Oct. 14 in Imperial, San Bernardino, and Riverside counties only. Daily bag limit is 10, and total possession limit is 20.

Camp Pendleton Invites Hunters

Following a successful precedent set last year, selected civilians will be allowed to hunt ducks within the Camp Pendleton Marine Corps Base during the regular inland deer season this year, according to the Department of Fish and Game.

Under terms of a joint agreement with Camp Pendleton, the DFG will issue permits to 150 deer hunters to enter the base, 30 hunters for each of five successive weeks, starting with Sept. 26, 27, and ending with Oct. 24, 25.

Selection of the 150 hunters will be made by the DFG at 9 a.m. on Saturday, Sept. 12, outside the south entrance of the Civic Center Building just off Highway 101 in San Diego.

PERMITS will be issued on a first-come first served basis to any applicant with a valid California hunting license and a "B" deer tag. Permittees may choose the weekend on which they will hunt, if the quota for that period is not already filled.

Top U.S. Thinclads Ready To Vie for Tokyo Berth

A total of 132 track and field athletes, the finest ever produced in the United States, is primed for the final Olympic Games team trials on Saturday and Sunday, Sept. 12 and 13, in the Los Angeles Coliseum.

The select field, sifted from several qualifying meets, will vie for three positions in each of 19 events to represent Uncle Sam in the 18th Olympiad in Tokyo come October.

There will be seven world record holders, either in the books or pending, competing.

In order to make the trip to Tokyo athletes must meet the rigid Olympic qualifying

standards. However, this should be no problem for those making the U.S. team. All but 20 of the 132 contestants in the final trials have already passed the test.

Actually, 19 athletes have already qualified for the team. Seventeen earned the honor by winning their event in the New York semifinals on July 3-4. The other pair, Paul Herman and Don Jeisy, won their spots by finishing 1-2 among U.S. entries in the National AAU decathlon at Mt. San Antonio College on June 16-27.

Still, all potential Yank representatives must prove they are still in peak shape in the Los Angeles finals. The semifinal meet win-

ners were: 100m., Trenton Jackson; 200m., Henry Carr; 400m., Allan Cassell; 800m., Jerry Siebert; 1500m., Dyrrol Burleson; 5000m., Bob Schul; 110m. high hurdles, Hayes Jones; 400m. hurdles, Jay Luck; 3000m. steeplechase, Jeff Fishback; high jump, John Thomas; pole vault, Ralph Boston; triple jump, Ira Davis; shot, Dallas Long; discus, Al Oerter; javelin, Jim Stevenson; hammer, Hal Connolly.

Meet director Hilmer Lodge announced that good two-day tickets at \$10 are still available at all Southern California Mutual ticket agencies, the Coliseum and Helms Hall.

TITLE CONTENDERS . . . The Tordena Bullets, comprised of top horseholders from the Torrance-Gardena area, are shown leaving International Airport Monday for the Connie Mack World Series in Springfield, Ill. As of Friday, the Bullets had won two out of three games in the double elimination tournament.

Atlanta Upends Bullets

The Tordena Bullets are finding the going rough in Connie Mack World Series play at Springfield, Ill.

In three games the past week, Tordena won twice and lost, and on two occasions the verdict was rendered by one run.

The Bullets opened the double elimination tournament with a 3-1 triumph over Louisville on Wednesday. Two unearned runs in the first inning provided winning hurler Jay Baker with all the cushion he needed.

Baker had a no-hitter going for four innings, but was lifted in the sixth frame after Louisville brought one run across and had the bases loaded. Rod Poteete then entered the fray and struck out the next two batters to end the uprising.

THURSDAY night, the Bullets suffered a loss as Atlanta came up with two runs in the sixth inning to hang a 4-3 loss on the Bullets.

Tordena manager Bob Prior used four hurlers in an attempt to stem the Atlanta onslaught. John Baker opened for the Bullets but gave way for Poteete in the fifth.

Poteete in turn gave way to Baker in the sixth. Dave Rabuse finished up for Tordena.

Atlanta scored once in the third and fourth innings and twice more in the sixth to pick up the triumph. Tordena, paced by catcher Steve Sogge's home run, rammed over two runs in the first frame and added a singleton in the fourth.

FRIDAY night, the Bullets remained in competition for the championship as they showed five runs across in the final two innings and posted a 5-4 triumph over Springfield.

Springfield was eliminated from the tournament as Tordena counted twice in the sixth inning and three more times in the final frame. Five Springfield errors helped the Bullets along.

Hal "Buster" Smith opened for Tordena and lasted four-plus innings before giving way to eventual winner Dave Rabuse. Springfield scored once in the opening innings and added three more runs in the fifth frame.

ALL OF the four surviving teams had one defeat except for Atlanta as of Friday.

The Tordena team is comprised of top high school, junior college and college players from the Torrance-Gardena area.

Manager Bob Prior had corralled most of the top horseholders in the area. Among his selections are John Marsden, West High; Brent Nickoloff, North High; Dave Rabuse, Leuzinger High; and Mike Engle and Rod Poteete, Lutheran High. All were CIF selections and Poteete was the CIF "A-AA" Player of the Year in 1964.

Two other players, Steve Sogge and Jack Crist of Gardena, were All-Los Angeles City picks.

CLIFF GARNER

CAR Point Leader Faces Rough Competition Today

Point leader Cliff Garner faces a stiff challenge from at least three quarters in California Auto Racing stock car action at Ascot Park this afternoon.

Garner had things mostly his own way early in the season and built up a hefty point lead in the CAR stocker division. Recently, however, he has had problems keeping up with Jim Cook, the hottest driver on the CAR circuit, as well as veterans Clem Proctor and Jim Blomgren.

But, Garner still holds a narrow point lead and will be favored in the 30-lap main event which highlights a program of stock cars and claimers.

THE STOCK car hotshots will be seen on the half-mile Ascot track while the claimers will go on the quarter-mile dirt oval.

Cook will be out to avenge a loss suffered two weeks ago. An official CAR ruling denied the veteran stock car driver a 50-lap stock car win due to a yellow flag discrepancy and gave the triumph to Bill Meyer.

The ruling came after Cook

had taken the checkered flag and all but picked up first-place prize money.

Today's CAR program will begin at 1 p.m. with qualifying laps. The first race is scheduled for 2 p.m.

Tonight at Ascot Park, Dick Semlinger will attempt to defend his Figure-Eight point lead.

Semlinger is finding the traffic heavy around the top spot with Jerry Meisenzahl,

Ed Sauer, Ed Gahler of Torrance and Bob Hobbs all virtually tied for second place and within easy sight of first.

One high-scoring race night at Ascot could find the Semlinger name posted high in first place or down in fourth.

The daredevils will tangle at the dangerous Figure-Eight intersection in time trials at 7 p.m. The first race is scheduled to start an hour later.

Rams Will Have New Ticket Plan

Los Angeles Ram fans will be able to purchase \$2.50 seats in advance and on a reserved basis for the first time this year.

The Rams will have available 8,300 seats at the \$2.50 price. They complete the NFL's lowest price scaling with other reserved seats at \$3.90 and \$5. All seats will be reserved except those for "Free Football for Kids" and servicemen.

The \$2.50 seats are located in the top section of the west end zone, the new stands at the east end of the field and in the northeast corner of the permanent stands. Almost all of these seats are closer to the field than in the past be-

cause of the new Coliseum layout.

The Rams also will continue their "Free Football for Kids" program, admitting three children 12 or under free when accompanied by an adult purchasing a special \$2.50 ticket.

Both the "Free Football for Kids" tickets and the free servicemen tickets may be obtained on game day at the box office near Gate 28 at the northeast corner of the Coliseum.

Belief that unescorted juveniles within the Coliseum causes problems has forced the club to discontinue its former 50 cent and 75 cent student tickets.

TORRANCE BOYS

Ice Hockey Group After Players for New Season

The Bay Harbor Minor Hockey Association, Inc., is currently seeking boys in the 12-to-14-year-old age group to participate in its 1964-65 season.

Boys in the above age group are needed to strengthen the association's Bantam division teams.

AGES OF the boys competing with the association range from 18-years and under. Boys are organized into teams according to age groups under the regulations of the American Hockey Association.

The boys play ice hockey with teams from Pasadena, Burbank, Van Nuys, Tarzana,

Norwalk, Culver City, West Covina, Long Beach and San Diego.

Regular season play will begin Oct. 1 and run to March 1. The schedule includes playoff games in Northern California and other Western states.

From March 1 to Oct. 1, association teams have practices on Sunday evenings at their home ice arenas and exhibition games with other clubs in the Southern California area.

Cost of ice time for teams is about \$140 per week during the season and \$40 per week during the spring and summer season. Money for ice time is obtained from do-

nations, sales of season tickets, raffles, social activities and dues of \$1 per week per boy.

Boys competing with Torrance teams practice at the Olympic Ice Arena on Western Avenue.

IN ORDER to participate with the association, boys must have insurance, at a cost of \$9.75, be fully registered, and have necessary personal equipment at an approximate cost of \$40.

Boys desiring further information on registration may contact Jim Ellington at TE 1-6857, Elsa Anderson at FR 5-2277 or Frank Robinson at FA 8-8241.

ANOTHER OBSTACLE . . . Bill Martin (132) creates certain problems for Gene Naylor (182) in this recent claimer race at Ascot Park. More of the same hectic action is in store at the Gardena oval this afternoon when the claimers share a seven-event California Auto Racing program with the stock cars. In the featured 30-lap main event, stock car point leader Cliff Garner is favored to take the checkered flag although several other drivers have been consistent challengers in recent weeks.
