Cool Treats Bring Warm Reception

If you are looking for cool refreshment which will bring a warm reception, try buttermilk.

Californians like buttermilk to the tune of 1 1/2 million gallons annually.

Local buttermilk makers turn out the state's finest product; tart, refreshing, good tasting, digestible. Many prefer it straight as it comes from the refrigerator.

Others like it in drink delights, such as suggested here.

To make a Buttermilk Cream Pie, mix equal parts of buttermilk and any favored cream soda. Serve ice cold in tall, chilled glasses. OR mix equal parts of ice cold buttermilk with equally cold apricot nectar or juice. Sweeten, if desired.

To make a Prune Float, combine two cups buttermilk with two cups prune juice; sugar to taste. Pour into serving glasses and top with vanilla ice cream.

Do likewise with grapejuice for another combination.
