## Carson Street Widening Receives High Priority

Supervisor Kenneth Hahn announced this week progress was being made on removing the major obstacles—underground utility lines—to the improvement of Carson Street between Normandie Avenue and the San Diego Freeway. The Supervisor has given high priority to this improvement because the existing Carson street is only three lanes wide and has dirt shoulders in several areas.

HAHN SAID that in co-operation with the Dominguez Water Co., the replacement of major water lines underneath the street should be complete by April 1, 1965.

Concurrently, construction plans to widen Carson to six lanes with full curbing between Normandie and the Harbor Freeway will be presented the Board of Supervisors in January so a contract may be awarded and work may get under way when the utility lines are moved.

In following years Hahn will make sure the full length of Carson street throughout the growing Carson area is widened and improved.

SINCE THIS area was added to his District in mid-1963, Supervisor Hahn has pressed vigorously for many road improvements.

Sidewalks have been provided on several streets adjacent to schools to insure the safety of students during the rainy season.

Also, 223rd street between Vermont Avenue and Figueroa has been widened to six lanes with a raised median divider and left turn channelization.

NEW TRAFFIC signals were installed at the 223rd Street-Vermont Avenue intersection.

Hahn said other segments of 223rd Street are also set for improvement since this is a major thoroughfare in this area. Next section to be widened is between Figueroa and Avalon.

Residents have informed the Supervisor there has been more constructive road and safety activities in the Carson area during the last year than in the past 10 years.

ATHLETIC PASS Carson's athletic passes are on sale now at the student store, for \$2.50. It enables students to come to all football, basketball, track, and gymnastics contest at tremendous savings.

## Candy Sale Begins at West High

Students at West High will travel from door to door in the West Torrance area tomorrow in quest of buyers for the "World's Finest Chocolate." The sale will continue through Oct. 13.

The chocolate sale, one of many projects of the student body, is being held to raise funds for such school items as a signboard, and uniforms for the band, drill team, and pep squad.

Chocolate bars will sell for 50 cents each. Students will compete for prizes in the sale, with teams made up of students in their first period classes.
