THIS IS *Cadillac* FOR 1965

**MORE THAN A NEW CAR...A NEW CADILLAC!**

Above, the Coupe de Ville; below, the longer-wheelbase Fleetwood Brougham.

What would an auto show be like without it? A lot less than it should be! For after all, a Cadillac so dramatically new is sure to provide an element of distinction to intrigue and delight the man with a fine car appreciation.

How unfortunate, indeed, if that man were not able to sit in the most comfortable interiors ever designed for a fine car. Or if the lady who accompanies him were not able to inspect the beautifully crafted embroidered fabrics to be found in the "car of cars" this year. And finally, wouldn't it be a loss to every fine car connoisseur if he couldn't ask the price of this newest and finest of all Cadillacs? For what other car can equal the Standard of the World for investment appeal? None other, we assure you, than the car that is so new, so right, so obviously Cadillac!

**Bringing Up Baby.**

HINTS COLLECTED BY MRS. DAN GERBER, MOTHER OF 5

At the sit-up stage you'll find your baby will delight in a change of scene from playpen or nursery. After all, there's a lot of new sightseeing to do from a sitting position. So why not treat your sweet to a special seating arrangement occasionally? In the living room, say, while you're tidying up. A car seat, attached to the davenport or big chair is great for gazing from "on high." If you don't have a car seat a stroller or swing seat will do nicely.

Golden opportunity to brighten up a baby menu: one big, happy serving of Gerber Strained Egg Yolks. There's a dish to tune up a taste bud or two. A creamy, custard-like texture, coupled with a delicate fresh-egg flavor, makes every spoonful call for a second. Rich in iron and vitamin A, they're also a good source of protein.

Gerber Egg Yolks are delightful served plain, extra appealing when used as a topping for cereal or vegetables. For a nice change of taste, try Gerber Strained Egg Yolks and Ham.

Dan Gerber says: "Americans today get more abundance, variety, nourishment and convenience in food than ever before in history. And at lower cost, compared to any other people in the world. That's particularly true of baby food. Here at Gerber we can truthfully say, 'Baby food is a bargain!'"

Mother saver. Alternating standing and sitting chores and changing shoes once a day will reduce fatigue considerably.

Nine savory ways to give your baby plenty of body-building protein and significant amounts of iron and B-vitamins. I'm talking about Gerber Strained Meats...wonderfully smooth and moist and brimming with true meat flavor. Made from special cuts selected by Armour, they're low in fat and ever so easy to digest. And isn't it good to know that these fine meats are the doubly reliable products of two great specialists—Gerber and Armour. Gerber® Baby Foods, Box 72, Fremont, Michigan.
