

CHURCH EXPANDS . . . Groundbreaking ceremonies for the new church building of St. Francis Episcopal Church, 2300 Via Rosa, Palos Verdes Estates, will be held today following the 11 a.m. service. The \$450,000 structure will form a quadrangle with the existing chapel, parish hall and education building. Completion date has been set as the first of September, 1965.

St. Francis to Break Ground For New Church

Ground will be broken for the new church building of St. Francis Episcopal Church, 2300 Via Rosa, Palos Verdes Estates, today, following the 11 a.m. service.

Officiating at the ceremony will be the Rt. Rev. Robert B. Gooden, D.D., Suffragan Bishop of Los Angeles (ret.). Assisting him will be the Rev. Robert A. Tourigny, rector of St. Francis Church, and the Rev. Alfred H. Smith Jr., assistant rector.

William Belding, senior warden of the parish, and Gaybert B. Little, junior warden, will participate in the ceremony, along with the members of the vestry. Serving as vestrymen are Richard E. Bredeben, Robert Bowlby, Malcolm Goldie, Clinton McKenna, Dr. Arthur Olsen, Richard O. Pallin, George T. Tremble, Garret B. Van Wageningen, Ray B. Vaughters, and William Polkinghorn.

REPRESENTING the Palos Verdes Peninsula Council of Churches at the ceremony will be the Rev. Vincent H. Coletta, president, Councilman E. S. Breneman and Councilwoman Louise Weiss will attend representing the City Council of Palos Verdes Estates.

The \$450,000 building will be situated on the approximate three acres of church grounds, forming a quadrangle with the existing chapel, parish hall, and education building.

Completion date for the new edifice, which will provide permanent seating for 500 persons, has been set as the first of September, 1965.

The basilica-type church building will be distinguished by alternating elliptical and circular precast concrete arches which will form the nave. The wider circular arches will form the outer columns of generous side aisles. The height of the nave will be greater than most three-story buildings, with the pointed arches rising to a ceiling of ornamented recessed panels. The outer transverse arches will be glazed with tinted glass.

A red tile roof, which will conform to the existing buildings, will extend over a large portico. The brick paving of a circular plaza, which will lead to the other buildings, will extend into the sanctuary to become its finished floor. A landscaped cloister will tie together the old and new facilities and will also serve as an entrance court from parking terraces placed on lower levels.

A deep chancel is planned which will be flanked by space for a choir of 40 on one side of the transept and an organ on the other. The altar and reredos will be to the rear of the choir area.

One wing of the transept will extend to provide space for a sacristy, vestry work room, and administrative offices. A large choir practice room will be located on a lower level of the building.

THE ARCHITECT of the new building is George Vernon Russell, FAIA. Contractors for the construction are Fellows and Associates of Los Angeles.

CO-CHAIRMEN of the building committee of St. Francis Church are Robert A. Allen and William Polkinghorn. Serving on the committee are Rodman Close, John Bacon, Raymond O. Machen, C. Nelson Rucker and Mmes. Richard Lake and Herbert J. Jones.

The rector, the Rev. Robert A. Tourigny, was appointed vicar of the St. Francis mission in October, 1951, after having served for three and a half years as youth director of the Episcopal Diocese of Los Angeles. Prior to that, he was assistant rector at St. Matthews' Church in San Mateo, Calif., and St. Andrew's Church in Ann Arbor, Mich.

A native of Rhode Island, Mr. Tourigny was graduated from Brown University in 1941 and received his bachelor of divinity degree from the University of the South in 1945. He lives in Palos Verdes Estates with his wife, Helen, and two daughters, Charlotte and Kay.

In January, 1952, the mission of St. Francis, with 25 communicants, was admitted into union with the Convention of the Diocese of Los Angeles. It was admitted as a parish in 1953. The congregation has now grown to include 1,500 communicants and a membership of more than 800 families.

There would not be so many open mouths if there were not so many open ears. —Joseph Hall

Pastor to Show Film On Travel to Islands

The Rev. Robert Pruett will present the filmed record of his expedition to remote islands of the Philippines tonight at 7:30 at Harbor Church, 1032 W. Pacific Coast Highway, Harbor City. The 16mm color film is titled "Forty Days to a Forgotten Land."

Rev. Pruett and nine other men traveled 1,000 miles on the open sea in a 60-foot outrigger boat, which they built, to reach people who had never seen a white man or heard the name of Jesus Christ. President Macapagal of the Philippines referred to the areas visited by Mr. Pruett and his party as "islands of forgotten men."

Residents of the Southwest are invited to see the film which depicts the success of the missionary-evangelism expedition in bringing the truth of the Christian message to the natives of this primitive region.

Pastor Pruett and Floyd McWhinney, senior minister of Harbor Church, will conduct the 11 a.m. worship service which will include communion.

Christmas Convocation Set at USC

The University of Southern California will present its traditional Christmas Convocation Tuesday and Wednesday, Dec. 15 and 16, at 8 p.m. in Bovard Auditorium.

The Chamber Singers under the direction of Dr. Charles Hirt and the University Concert Choir, directed by Dr. James H. Vail, will perform.

Dr. John Cantelon, USC Chaplain, will present the traditional "Message."

Admission is by complimentary ticket which can be obtained by calling the special events office at RI 8-2311, ext. 482.

Fill Park Post

Raymond H. Ferrin, 63, of 1836 W. 254th St., Lomita, has been named the 17th commissioner of the city. He was appointed the fifth member of the city's Parks and Recreation Commission.

The agenda will be the installation of 20-foot Christmas tree and organization of a Christmas parade.

The COOL membership has invited other community organizations to send representatives to future meetings, according to Stanley D. Greene, city administrator, who hosted the first meeting held Nov. 30 in Lomita City Hall.

Lomita Clubs Organize For Community Events

First project of the newly formed Cooperating Organizations of Lomita (COOL) will be to bring Christmas to Lomita with tradition and space age zip.

The basic idea behind the organization is to pool the small (1.87 square miles) city's civic leaders into one group for large community endeavors.

Charter member organizations of COOL are: Lions Club, Kiwanis and Rotary Clubs, Chamber of Commerce and Junior Chamber, Veterans of Foreign Wars, Toastmasters Club and the Lomita-Harbor City Ministerial Alliance.

All are exclusive Lomita organizations with the exception of the Jaycees, ministerial alliance and Lions Club, which also serve Harbor City.

HOLIDAY season plans to date include erection of a nativity scene and recruitment of Christmas carolers. This will be undertaken by the ministerial alliance, represented on COOL by the Rev. Hubert LaGasse.

The Jaycees will conduct a contest to award one of the community's nearly 6,000 homeowners as the best Christmas decorator. Other holiday events on

DENTURE WEARERS SAVE CASH DURING HOLIDAY SEASON
Dr. Campbell's Annual Event Draws Hundreds
The dental profession has a problem staying busy during the latter part of November and December, according to Dr. F. E. Campbell, dentist. "Those whom we serve usually have their minds and money on things other than their teeth", Dr. Campbell said. "And most people are pressed for cash."
"It hurt my thrifty Scotch instinct to see expenses going on with considerably less income", Dr. Campbell continued. "So I decided years ago to make it especially worth while for denture patients to get work done during the holiday season. Response to my special offers has been gratifying."
MORE THAN MONEY TO BE CONSIDERED
Dr. Campbell pointed out that in November and December dentists have extra time to devote to each case. "No matter where you go for dentures during the holiday season, dentists are less pressed for time, as a rule", he said. "Even with special year-end offers, we have been less busy than in other months."
"Furthermore", Dr. Campbell concluded, "you may want a new fit or need denture repairs to get ready for holiday occasions. Dentists want to help you prepare for holiday festivities."
Dr. Campbell extends extra credit on his year-end offer. "I have never presented a more liberal plan than I have this year", Dr. Campbell declared. "Payment in most cases starts considerably after January 1st."
