Benefits To Vets Increase

PRESS-HERALD
 DECEMBER 9, 1964 B-9

An increase in monthly VA benefits to veterans and dependents of deceased veterans drawing non-service connected pensions will begin in January, according to Supervisor Burton W. Chace.

Contained in the new Veterans Pension Bill passed by Congress, the increase will be automatic and contained in the checks received by Feb. 1.

To be eligible for a pension, a veteran must have a total and permanent disability not necessarily connected with military service, and an income of less than \$1,800 a year if he is without dependents and less than \$3,000 if he has one or more dependents.

These increases apply only to those classified under the pension law which went into effect July 1, 1960.
