

Trustees Deny Request For New Administrator

State law may require the Torrance Unified School District to establish a continuation high school, but Dr. J. H. Hull will have to comply with that law without adding extra administrators to his staff.

School trustees deadlocked on a proposal to hire a part-time administrator and provide him with clerical help during Monday's four-hour session. With William Hanson absent, the remaining four board members split 2-2 on a motion, thereby defeating the plan.

A continuation high school is required by the state for youngsters between 16 and 18 who cannot—or do not—attend regular schools. The majority of the youngsters are students who have left school because they must work to help support a family. High school dropouts, and some unemployed youngsters between 16 and 18 also are required to attend a continuation high school.

UNDER A contract with South Bay Union High School District, Torrance has sent its continuation students to Mira Costa High School. Mira Costa no longer has room for the Torrance students, so the local district must establish its own continuation high school. During the fall semester, Gardena will take Torrance students.

New state laws, adopted by the Legislature this past year, will penalize districts who do not enforce the provisions of the continuation high school law, according to Dr. Albert Posner, assistant superintendent of schools for instruction.

Dr. Posner had sought a part-time administrator to help establish the continuation high school. Classes are to begin at Torrance and West High schools Jan. 31, 1966. They will be held from 2 to 5 p.m. Monday through Friday and from 8 a.m. until noon on Saturdays.

TRUSTEES Bert M. Lynn balked at the proposal because he wants the district to hold the line on administrative costs. Mrs. Kenneth E. Watts objected because she wanted more information. Specifically, Mrs. Watt wanted to know how many students might be involved. She was told 50 to 150 students might be included in the continuation classes. "There's no question but that we have to comply with the law," Mrs. Watts said, "but we don't have very good figures here."

Our Current Annual Rate is Still Higher than 4.85%

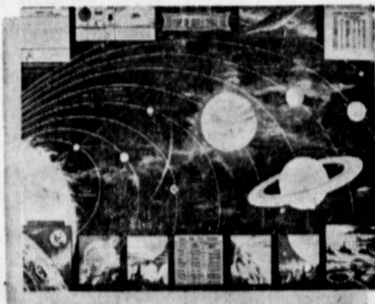

Visit your nearby Southwest Savings office. Or phone—right now. Ask this question, "What is your annual dividend rate?" Then compare. Convince yourself that Southwest Savings still pays higher-than-average returns with insured safety. Open your account now in person or by mail during this Reinvestment period. Postage prepaid both ways. Funds received or postmarked by October 11th earn from the 1st.
