About Cars and Things
 by
Ray Vane

People shopping for a
 used car often ask, "How
 many miles per gallon can
 I get in this car?" Actually,
 it's not just the car that
 gets good mileage, it is also
 the driver. A steady driver
 can get as much as 30%
 better mileage than a care-
 less driver. About all you
 have to do is not be SUD-
 DEN.

Sometimes, too, a car
 with high horsepower has
 an advantage in that the
 engine "loafs." It doesn't
 labor. When a motor is labor-
 ing, the vacuum drops. It is
 essential for air and the as-
 pirated mixture becomes too
 rich. Some economy minded
 drivers install vacuum
 gauges to warn them of
 low vacuum.

What got us thinking
 about this is that we have
 and are taking in a lot of
 hinner used cars. Most of
 them have a lot of those
 luxury items that are so
 nice to have. Like air con-
 ditioning for instance. The
 way they are priced, you
 get a lot. And, if you want
 good gas economy, you can
 help yourself by good driv-
 ing.

Come in and look them
 over. You may find just ex-
 actly what you want.

You'll find these cars at
 2909 Pacific Coast High-
 way, Torrance.
