Read What the Experts Say--

ROAD TEST
"In the economy car class, currently dominated by Volkswagens, a new contender has climbed into the ring. If buyers drive the Corona as well as the VW before making their decision, the Corona just might emerge the new champ. In almost every department important to buyers of this kind of vehicle, the Corona puts the lead."

SPORTS CAR GRAPHIC
"We drove the 90 HP Corona for several weeks and found it to be one of the most pleasant, low priced sedans we have driven in a long time... We feel its success is already guaranteed!"

MOTOR TREND
"The Corona Sports Sedan, a real eye-catcher... also a real eye-opener in the performance department... it has a 90 HP engine that puts it miles ahead of its competition in performance... while other economy sedans are chugging slowly up hills, the Corona leaps up with, or ahead of, traffic, spirited, mischievous, rugged, and comfortable. Corona beats a host of recent extras: makes sense for American buyers."

POPULAR IMPORTED CARS
"We found the manufacturer's claim that the Corona will accelerate to 100 mph in seconds to be realistic... The reserve power of the new Corona is remarkable... The new 1966 Corona is one of the hottest dollar values available today."
