For both fast and long-lasting relief from cold symptoms—take FLAVIHIST P.A. (The P.A. stands for Prolonged Action). This proven medication consists of a delayed-action tablet inside a fast-dissolving capsule. This assures relief right now and on through the day or night from the distressing symptoms of colds, sinus congestion, hay fever and pollen allergies. Take one capsule in the morning for relief all day. Take another before going to bed and sleep comfortably through a restless night. FLAVIHIST P.A. contains 3 antihistamines for balanced cold relief—and it dries runny nose, frees nasal passages and relieves common aches and pains. Ask your pharmacist for FLAVIHIST P.A.
