Approved for Storm Drain

A proposed change in alignment of a storm drain project in the Dominguez area was authorized Tuesday by the Board of Supervisors.

Action was taken, according to Board Chairman Burton W. Chace, on recommendations by the Flood Control District and the County Engineer.

The project involves moving a section of the drain near Dominguez Channel to avoid tunneling under the intersection of Wilmington Avenue and 223rd Street.

Dr. James H. Butler, chairman of the Division of Drama in USC's new School of Performing Arts, has a one-day appointment tomorrow as "Professor in Residence" at El Camino College.

Distinguished scholar in the field of the Greek drama, Dr. Butler who occupies the de Milie Chair of Drama at USC, will deliver two formal lectures as a beginning for El Camino's series on "Encounter with the Theatre."

He will speak to drama students and faculty on "The Theatrical World of the Ancient Greeks" at 11 a.m. tomorrow.

At 8 p.m. the community has been invited to share with drama faculty and students in the second Butler lecture, "Ancient Greek Theatricals: Then and Now." The latter presentation will be illustrated.

Dr. Butler will be the luncheon guest of El Camino's Collegiate Players, campus honorary drama society, and will speak to them tomorrow.
