

# This Daughter Proves She's As Good As Mom

A Torrance mother of four has won an award at Harbor College which was given to her mother five years ago.

Mrs. Barbara Turton was named the college's Vocational Nurse of the Year at the annual Awards Banquet—an honor which was won by her mother, Mrs. Margarita Schriver, in 1961.

Mrs. Schriver subsequently received one of the highest scores ever recorded by a Harbor College graduate in the state licensing examina-

tions and is now employed by the Southern California Permanent Clinic.

Mrs. Turton, who was vice president of Upsilon Nu Sigma vocational nursing sorority and a member of Alpha Phi Gamma scholarship society, also won an Associated Students scholarship.

While waiting to take her state examination next month, Mrs. Turton is working at Kaiser Hospital in Harbor City. She also is taking evening classes at Harbor to gain her associate in arts degree.

# Rules for Flying Kites Listed in New Booklet

How the comic characters "Tweety and Sylvester" learn to make a prize-winning kite—and fly it safely—is told in a cartoon booklet being distributed to school children this month by Southern California Edison Co.

Edison district manager, L. E. Jenkins said today that more than 800,000 copies of

"Tweety and Sylvester Kite Fun Book" have been made available to youngsters in elementary schools located throughout the utility company's service territory in central and southern California as well as parts of Nevada.

In addition, kite safety posters have been issued for school bulletin boards as part of Edison's annual educational service concerning this popular but sometimes dangerous playtime activity, he said.

In the book, Reddy Kilowatt gets into the act by telling "Tweety and Sylvester" how to fly their kite safely. His rules include:

- Don't cross streets or highways while flying kites.
- Don't fly a kite with metal in the frame or tail.
- Don't use tinsel string, wire or any twine with metal in it.
- Don't fly a kite over TV or radio aerials.
- Don't fly a kite near electric power lines and don't try to retrieve a kite caught in power lines.
- Don't fly a kite in the rain.
