Pro·tek·tiv
the finest in children's shoes

FREQUENT LAST CHANGES
Since the normal juvenile foot is constantly growing it is important that the last be changed often enough in its contour to allow for this growth. Pro-tek-tiv lasts are changed twice in every size range —other children's shoes are made over lasts which change only once in each size range.

We take time to carefully fit children's shoes . . .

Relax . . . and with your shoes on!

Everyone likes comfortable shoe. Hush Puppies® casuals go one step further. Steel shanks are carefully handfitted to your pair of Hush Puppies® casuals. That way you get extra support and casual comfort without sacrificing important foot support. But that's only half the story!
● Lightweight comfort ● Water and soil resistant ● Clean with brisk brushing ● Micro-cellular non-marking crepe soles.
