

Weight Limits Set for Lomita City Streets

Lomita city councilmen have taken action to prevent the rapid deterioration of streets in the city by prohibiting commercial vehicles of excessive weight from having heavy loads posted with weight limit signs. The council authorized City Administrator Stanley Greene to have streets not designated for heavy loads posted with weight limit signs. Greene said the signs will be posted as soon as possible.

Achievers Hold Open House Here

Open house, sponsored by Junior Achievement companies in the Southwest to celebrate national Junior Achievement Week, will continue tonight and tomorrow at the Southwest Business Center, 14234 S. Prairie Ave., Hawthorne, from 7 to 9 p.m.

Visitors to the open house, which began Monday, will see Junior Achievement companies' actually manufacturing their products. Each of the 29 JA companies operating in the area will exhibit and explain its activities and products at the open house, according to Joseph Geraghy, chairman of the local JA District Council and trade sales manager for Pittsburgh Plate Glass Co.

By running a little business under the guidance of adult advisers from prominent local firms, they gain a preview of the business world and a knowledge of the American free enterprise system.

'Love' Topic Of Lesson For Sunday

The vital nature of love as a power that can reshape human lives will be brought out in Christian Science churches this Sunday.

The subject is "Love," and the Golden Text from 1 John 4:7, 8 underlies the theme: "Beloved, let us love one another: for love is of God... He that loveth not knoweth not God: for God is love."

Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy describe how men learn to love God. "Simply asking that we may love God will never make us love Him; but the longing to be better and better, expressed in daily watchfulness and in striving to assimilate more of the divine character, will mould and fashion us anew, until we awake in His likeness."
