

Area Man Promoted By Firm

P. B. Bevan of 13901 Arcurus Ave., Gardena, has been promoted to staff supervisor, air conditioning and non-residential service for Southern California Gas Co., according to S. Wayne Lynch, southwest division manager for the investor-owned utility.

Born in Canton, N.Y., Bevan graduated from University School, Montreal, Canada. He received his bachelor of arts degree in 1948 from Syracuse University.

Upon graduation he joined Southern California Gas Co. in the customer service department at the firm's downtown Los Angeles headquarters.

HE HAS served the majority of his utility career with customer service and was named southwest division service supervisor in 1962. In 1964 he was appointed southeast division sales manager, the position he has held until his current promotion.

Active in charitable and civic organizations, Bevan is on the board of the Hawthorne Chamber of Commerce, a member of the Hawthorne Kiwanis Club, Lawndale Chamber of Commerce and Lawndale Breakfast Club.

He and his wife, Patricia, have four children, Bruce, 13, Michael, 9, Craig, 4, and Jonathan, 2.

Planners Act On Exception

Relocation of oil well and oil drilling sites in the area south of Sepulveda Boulevard adjacent to the Harbor Freeway has been approved by the Regional Planning Commission.

Relocation of the oil wells was sought by Sepulveda Homes, Inc., in a zone exception petition.

HE'S A JUDGE AGAIN... Evelle J. Younger (left), who recently traded in his judicial robes for the title of District Attorney, will put his judge's robe back on to assist in selecting winners of the Pep Boys scholarship contest. Discussing plans for the contest with Younger are, from left, Allan H. McCurdy, Joseph Kaplan, and Ray Sellore. Kaplan is general manager of the Los Angeles Chapter of the National Society of Pep Boys.

Refresher For RNs Scheduled

A Refresher Course for Registered Nurses is again being offered at South Bay Adult School. It will be held each Monday from 9 a.m. to 2:30 p.m., to coincide with children's school hours.

The aim of this class is to update RNs so they may resume their professional activities, on a full or part time basis.

The course covers new drugs, computing doses, metric system, new equipment and procedures, legal aspects, forms and records and field trips to Little Company of Mary, South Bay, and Torrance Memorial hospitals. The supervised clinical experience offered by these institutions is invaluable, school officials say.

Miss Alice Holihan, RN, former supervisor of in-service

training at South Bay Hospital, is instructor for this class.

The shortage of Registered Nurses remains acute. This way to today's nursing has been found very successful in this class room.
