## South List Names 430 For Honors

More than 400 South High students were listed on the Principal's Honor Roll released Monday by Dr. John A. Lucas.

Dr. Lucas said 430 students maintained a "B" average or better during the fall semester. The group represents nearly 16 per cent of the total enrollment.

Another 34 students had straight "A" averages for the semester, Dr. Lucas added.

## Navy's New Program Has Openings

There are many openings available in the Navy's new "120 Day Delay in Reporting for Active Duty" enlistment program initiated earlier this year, according to Vandorne E. Isaak, navy recruiter in Torrance.

The new program, known as the "cache program," was created for the young man currently enrolled in high school who desires to complete his high school education before entering the service or who is employed and desires to continue such employment for an additional few weeks. The qualified applicant can delay his active duty for a specified period of time up to and including 120 days.

All young men who are interested in finding out more about the "cache program" may contact Chief Isaak at 1520 Cravens Ave., telephone, FA 0-3141.

## Two Girls Spend Day At Museum

Adele Palmer and Christine Moore recently participated in the fourth annual Women's Space Symposium at the California Museum of Science and Industry.

Miss Palmer is a student at West High, while Miss Moore attends South High School.

Dr. C. F. Horne, president of General Dynamics, delivered the main address during the day-long meeting.
