This car has passed our 16-point safety and performance test.

This sticker means you won't get stuck.

And it means we guarantee 100% the repair or replacement of all major mechanical parts* for 30 days or 1,000 miles.

Every car on our lot has one. But not every car that comes down the pike gets one.

Our mechanics test them bumper to bumper, the side and out.

They check the cylinder compression, valves, plugs, points, carburetor, transmission, rear axle, tie rods, fan belt, steering, springs, shocks, suspension, wiring, wheel bearings and tires.

If a car fails, we get rid of it.

If it passes, we tune the engine, tighten the doors, adjust the brakes, clean the air cleaner, give it a grease job and change the oil.

Then we clean it, polish it and put it up for sale. With a blue and white sticker on the windshield. After all this testing, tuning and tightening, it's the only thing that sticks.
