Bringing Up Baby

HINTS COLLECTED BY MRS. DAN GERBER, MOTHER OF 5

Not so long ago, an article in a leading newspaper stated that sweet mother-talk was deemed essential for a child's well-being. Isn't it nice to know that the billing and cooing you choose to use to communicate with your baby help his mental development and strengthen his sense of security?

A word from Dan Gerber. Gerber Research reaches into many realms... even to the packaging that protects your baby's food. For example, over the years, numerous experiments were conducted to produce cereal packages that would not only protect the delicate flavor of the cereals but also the food values so important to your baby. When you buy Gerber, you're sure of your baby's worth in nourishment.

Bath reminder. Drying baby thoroughly after his bath is as important as getting him clean. Moisture left in deep creases may cause irritation. By the bye, bath-time is a great time for babbling

to your "swimmer." Doubles his splashing enjoyment; puts you in a joyful frame of mind.

Rack this one up. An inexpensive spice rack, hung over baby's bath tub, makes a dandy, handy, easy-to-reach holder for lotion, powder, cotton, swabs, pins, etc.

Lip-smacking lunch or scrumptious supper. That's what baby will have when you titillate his appetite with Gerber High Meat Dinners. Savory? Of course. They have 3 times as much succulent meat as regular vegetable and meat combinations. Flavor? Very. The addition of garden vegetables gives them a wonderfully peppy flavor. Veal, Chicken, Turkey, Beef or Ham.

P.S. As a special treat, why not top off baby's high meat dinner with the newest Gerber delectable, "Cherry-Vanilla Pudding Gerber's Baby Foods, Box 72, Fremont, Michigan.

under the personal direction of Miss Pat McElroy
One of America's Leading Consultants in the field of Reducing

Miss Pat McElroy has, over the last 15 years, helped thousands of women, in all walks of life, to regain and keep their figures. She is an unquestioned authority in every area of weight reduction and figure improvement. As from her wealth of experience and knowledge is at your disposal. If you have any kind of figure problem she can help you. All you have to do is call 326-2861 and arrange for a personal appointment. "But," says Miss McElroy, "the Stauffer System has always meant more than just reducing. We all know it's possible to lose pounds by crash-dieting, but we also know that pound-less alone will not insure a well-balanced, nicely proportioned figure. What is more we both know that the real key to successful reducing is a consistent program that you can carry out without any mental or physical strain. If you are over 30 you know that the diet is not the answer for a tummy that's been relying on upper arms, shoulders, back and thighs. It's not the answer for a tummy that's been relying on a girdle every day — perhaps for years. And it's not the answer for a poor, tired, and discouraged posture that spoils the line of the nicest dress. Frankly there is no need for a mirror to tell you that life is passing you by, no makes you admit that your figure has "slipped," we can help you regain and keep a trim, poised, youthful shape. Think of it—trim hips, show-off waist, flat tummy, slim legs and the confidence that goes with them—all can be yours with Stauffer. You owe it to yourself to look after the only figure you have—so don't delay call me now—let's make an appointment, convenient to you, and talk this matter over."

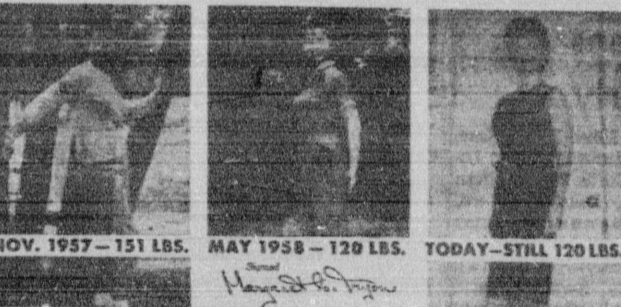

Here is step-by-step photo evidence of how effectively you can reduce

The loss of 72 pounds gave Hazel Littlel this beautiful figure.

Hazel Littlel's progress toward her goal is typical of the remarkable results obtained by the Stauffer system. First, note the improvement in body balance and posture and then the controlled loss of weight. Observe the obvious firming and toning of her muscles and the elimination of her "problem spots." Finally you see her as the snazzy, lovely, self-confident woman she always longed to be. A slim, svelt, attractive 124 pounds... and this could happen to you! Hazel Littlel weighed over 190 pounds when she put herself in the hands of Stauffer. In a comparatively short space of time she lost more than 70 pounds overweight. As you can see for yourself she looks years younger, attractive, confident and happy. The loss of the burdensome pounds worked wonders for her — it certainly gave her a "new-look." The Stauffer system makes slenderizing a real pleasure. Once you start on a program you'll be surprised with the results you get — most women see changes in as little as ten days...

This is how Margaret Tryon regained and kept a trim and elegant shape the Stauffer way

"My secret," says Mrs. Tryon, "is Stauffer! It didn't work overnight miracles but I got results quicker than I had expected or thought possible... It was wonderful! To slim down is one of the biggest thrills imaginable, but the question "WILL I STAY PUT" is always there to haunt you. Well, I stayed put all right. Just you compare the picture on the right with the one in the center. The one on the right shows me as I am today — six years older than when the other picture was taken! I've hardly varied one inch or pound over the years. I'm firm and slim. I don't have tension, I'm relaxed and feel like a million. THANKS TO STAUFFER I KNOW I'M GOING TO STAY THAT WAY. When you have a figure problem, believe me, there is no substitute for Stauffer!" Mrs. Tryon's case history is only one of the many that support our claim that a complete figure correction, based upon our firming and toning techniques, will enable you to slim down and keep a trim, youthful figure. With Stauffer — you can be sure that you will reduce easily, quickly, and above all stay reduced! Try it!
