

DR. MARY HUNGERFORD Urges Divorce Law

New Laws Urged on Marriage

Federal legislation is needed to provide more just marriage and divorce laws in the country, Dr. Mary Jane Hungerford, a family relations expert, said here during a program sponsored by the South Bay Forum.

Dr. Hungerford, a resident of Redondo Beach, is director of the department of education for the American Institute of Family Relations. She argued for the proposal in a panel discussion.

Mandatory pre-marriage counseling and restrictions on teenage marriage also are needed, she told the group.

Other panelists on the program included Edward Nichols and E. Loyd Sanders. Nichols is commissioner of the Court of Domestic Relations in Los Angeles. Sanders is chairman of the County Bar Association's family law committee.

Funds Voted For Bonita Street Work

Approval of an allocation of \$10,000 to improve Bonita Street between Carson and 220th streets was reported this week by Supervisor Kenneth Hahn.

"This project will provide increased traffic safety for students of Bonita Elementary School and the new Carnegie Junior High School, and greatly improve access to the schools," Hahn said.

Work will consist of constructing pavement to join with curb and gutter constructed on both sides of the street under County permits by the owners of adjacent properties.

Hahn said the over-all improvement will provide this section of Bonita Street with a fully-curbed, 36-foot-wide highway with sidewalk on both sides.

Senior Staff Doctor to Be In Residence

A senior medical doctor will be on duty around-the-clock at Harbor General Hospital and other county-operated hospitals according to Supervisor Kenneth Hahn.

Previously, a senior doctor was "on call" by telephone at all times, but Hahn noted that some emergency situations call for first-hand decisions that cannot be made over the telephone.

The supervisor regularly inspects all county facilities, especially hospitals, and discusses procedures with employees at every level.

Other county-operated hospitals include General Hospital, El Cerrito, John Westley, Long Beach General, Mira Loma, Olive View, and Rancho Los Amigos.

Electronic Technician Seaman Appren, Charles W. Bowman Jr., son of Charles W. Bowman of 1027 W. 226th, is in Thailand aboard the guided missile cruiser USS Canberra, taking part in a joint U.S. Thailand amphibious assault exercise.

The exercise, called "Jungle Drum III," is designed to provide experience for Thai and American forces in combined operations, since, as treaty nations, they could be called on to fight together at any time.
