This car was driven by a sweet little old schoolteacher. But we wouldn't sell it to you on a bet.

It couldn't pass our 16-point safety and performance test. Sure it looks good. But when we looked into it, we found the engine going, the transmission gone, the generator barely able to generate. So we got rid of it. Without ever putting it up for sale. The cars we sell have all passed our test. They're tuned up, tightened up and ready to roll.

You can spot them by the blue and white stickers on their windshield. It means we guarantee 100% the repair or replacement of all major mechanical parts* for 30 days or 1,000 miles. Regardless of make, model, size, year or previous owner. There are dealers around who still make a big thing out of a car's past. But we figure, what good's a car's past if it hasn't got a future?

*ENGINE • TRANSMISSION • REAR AXLE • FRONT AXLE ASSEMBLY • BRAKE SYSTEM • ELECTRICAL SYSTEM
