The real truth of any saving is in the total... and the total is everything you buy! It's obvious that you can't judge your savings on just a couple of advertised "specials"... because when a market reduces the price on some items, it must in turn increase the price of others to compensate... This old-fashioned mode of merchandising puts you, the customer, at a disadvantage. You pay higher shelf-prices as a result of fluctuating "advertised specials." BUT... at Lucky every item that the law allows is discounted to a lower every day price, thus assuring you a GREATER TOTAL SAVING... 365 DAYS A YEAR!
