

Mail User's Council Will Mark Anniversary

Members of the Torrance Mail Users' Council will meet Tuesday morning at the Torrance YWCA, 2320 W. Carson St., to mark the fourth anniversary of the Nationwide Mail Service (NIMS) program, according to Postmistress Clara A. Conner.

The NIMS program was begun to provide improvements in the collection, handling, and delivery of mail and resulted in the creation of local mail users councils to provide greater economy and efficiency in mail service, Mrs. Conner said.

J. Walker Owens, general manager of the Torrance Chamber of Commerce and Chairman of the local council, will receive a special ci-

tribution for his contribution to the NIMS program, Mrs. Conner said.

A SHORT color film illustrating some of the new mail handling equipment now in use will be shown during the meeting. The session will begin at 8 p.m.

A major objective of the Torrance Council was the reduction of the after 5 p.m. "mail flood" which faced the Torrance Post Office, Mrs. Conner said. As a result of the council's effort, after-5 receipts of mail have been reduced from 67 to less than 40 per cent.

"We are making earlier dispatches of much of our mail and we are able to use our manpower and equipment more effectively to

provide better service," Mrs. Conner explained.

ONLY 350 post offices of the more than 34,000 throughout the United States have established the local councils. Mrs. Conner said the council has been part of a program which has brought Torrance a series of "sweeping postal service improvements."

Improvements have included the ZIP Code program, the four-hour local downtown mail service known as Accelerated Business Collection and Delivery (ABCD), and many programs to provide better mechanization for post offices.

NATHAN STARBUCK, the manager of South Bay Mail-

ing Service, is co-chairman of the local council. Among the major firms and organizations represented on the council are: Harvey Aluminum, Shell Chemical Co., National Supply Division of Armco Steel, Harbor General Hospital, and the Torrance Unified School District.

New Discovery Now Makes It Possible to Shrink And Heal Hemorrhoids Without Surgery

Stops Itch—Relieves Pain In Minutes

New York, N. Y. (Special): A world-famous institute has discovered a new substance which has the astonishing ability to shrink hemorrhoids without surgery. The sufferer first notices almost unbelievable relief in minutes from itching, burning and pain. Then this substance speeds up healing of the injured tissues all while it quickly reduces painful swelling.

Tests conducted under a doctor's observations proved this so—even in cases of 10 to 20 years' standing. The secret is the new healing substance (Bio-Dyne®)—now offered in

both ointment or suppository form called **Preparation H®**.

In addition to actually shrinking piles—Preparation H lubricates and makes bowel movements less painful. It helps to prevent infection (a principal cause of hemorrhoids).

Only Preparation H contains this magic new substance which quickly helps heal injured cells back to normal and stimulates regrowth of healthy tissue again. Just ask for Preparation H Ointment or Preparation H Suppositories (easier to use away from home). Available at all drug counters.
