Tappa Keggas And Redondo In Playoffs

A best 2-out-of-3 game series will be held Friday and Saturday, to decide the West Coast Slo-Pitch championship between Torrance Tappa Keggas and Redondo.
The first game Friday will be nine innings and is scheduled for Torrance Park at 9 p.m. Starting time at Perry Park in Redondo is 8 p.m., with a second game to follow if needed. Saturday's games are seven innings.
Torrance won the first half the West Coast standings with a 9-3 record. A Long Beach Navy team was added to the league in the second half, requiring Redondo to compile an 11-3 record to take first place. Tappa Keggas was 10-4 in the second half.

180-Mile Boat Race Scheduled

One of the world's fastest growing sports, offshore powerboat racing, will center its international spotlight on the city of Long Beach Sept. 25. Sponsored by the Offshore Power Boat Racing Association of Southern California, the grueling race will cover 180 miles, including a course from Long Beach to Newport Beach, and around both the Santa Catalina and San Clemente islands.

Tours Planned By L.A. Lakers

First of two pre-season tours, starting Sept. 25, was announced today by Los Angeles Laker General Manager Lou Mohs.
The opening swing will take the defending Western Division champions to six cities for five games against the Boston Celtics and one with the Cincinnati Royals.
Los Angeles and the world champion Celtics will open in Seattle on Sept. 25, play in Missoula, Montana, the 26th, and Utah State the 27th.

Skippers Have Bad Habit Jamming Emergency Radio

Will the class please come to order?
Now it seems that some of you neophyte skippers—and oldsters, too—have been overloading 2182 kc/s, the Coast Guard Radio in Long Beach, with requests for radio checks.
Now listen, students, and remember that this is a distress frequency only and must be kept open at all times so that a quick response to calls for assistance can be made by the boys in blue.
So make your radio checks with a nearby ship or utilize the installed meter, a portable RF meter, or by means of a neon tube attached to the antenna lead-in.
And also remember the Coast Guard does not—repeat not—stand watch on any of the Citizens' Radio Service frequencies. All calls for assistance should be made on the International Radiotelephone Distress and Calling Frequency of 2182 kc/s to

alert professional search and rescue authorities.
Class dismissed.
The deep sea fishing picture—as well as the one for Newport Bay—brightened considerably the past few days.
The albacore have moved in closer and are now only 4½ to 6½ hours out, reports skipper Bill Trusty on the sportfisher Frontier out of Art's Landing in Balboa.
Bill radioed in that there are school after school of albacore moving in daily. The Fish and Game prediction of a close-in longfin bite around San Clemente Island could come true yet.
The red tide has left and bonito, bass, halibut and barracuda are once again on the fishermen's menu for the half-day boat riders.
Skiff anglers doing exceptionally well on halibut, bass

and croaker, with ghost shrimp for bait. Feather trollers hitting small barracuda and bonito as well as sand and spotted bass.
Weather and water conditions are perfect for one of the best fishing summers we have ever had, reports Art Gronsky, owner-manager of Art's Landing in Balboa.

RABIES CLINIC
A public rabies clinic will be held at the Wilmington Health Center, 611 W. "E" St., Wilmington, Friday from 7 to 8:30 p.m., according to Dr. K. H. Sutherland, Los Angeles County health officer. Immunization fee is \$1.50 per dog.
