Mulvihill to Open Headquarters For Campaign in 67th District

Veteran Democratic Party campaigner John F. Mulvihill will launch his campaign for election to the State Assembly in the 67th District with an open house from 2 to 6 p.m. today at his Torrance headquarters at 3158 W. 182nd St.

Mulvihill, entering a state contest for the first time after 25 years of local and district service, invited his friends and supporters to bring their children to the open house. There they'll see "Big John" that Mulvihill expects to ride to victory in June and November.

Mulvihill, a resident of Torrance for 14 years, served on the Planning Commission during the period Torrance was named All American City and today is a member of the Torrance Citizens Advisory Committee.

HE SERVED multiple terms as president of the North Torrance Civic Improvement Association and of the North

Torrance Democratic Club. At one time he was a member of the Inter-City Highway Committee, and president of the Parent-Faculty organization at Montgomery High School.

Terming himself a "Democrat in the Kennedy tradition," Mulvihill said that most of the problems confronting California citizens today stem from the explosive growth since World War II, but that "the solutions being proposed to solve these modern problems antedate the war itself."

"WE MUST reject the old remedies that are failing us; we must have vision and aggressive political leadership to develop modern theories and practices to solve these problems that weigh so heavily on all Californians," Mulvihill said.

Specifically, he called for tax relief for the homeowner. "Insufferable assessments are threatening to kill the goose," Mulvihill said. "We need a

Close-in Location Tops With Park South Buyers

The final unit of luxury homes is now open at Park South. And, according to Reed Clark, sales manager, weekend traffic has "picked up" as prospective buyers inspect Park South homes, located in one of Los Angeles' last close-in residential locations.

"People demand the convenience our location gives. They want to take advantage of the nearby recreational opportunities, too," Clark said.

Clark notes that the 170-acre Victoria Park recreational complex, "just across the street" will be completed in early summer. Park South residents will then enjoy a large game area, an Olympic-size swimming pool, and a club house with game and hobby rooms.

WATER SPORTS also play a big part in the recreational picture because Park South is ideally located near popular Long Beach and South Bay coastal resorts with the juncture of the Harbor and South Diego freeways just a few blocks away.

Among the most popular new home models in this private, walled community are the Monterey and the Greenbriar.

YOUNGER buyers are attracted to the Monterey because its three bedrooms, including master suite, are on the first floor, making it easier to care for small children," Clark explains. "The Greenbriar is ideal for older buyers, because it features large master bedrooms on both the first and second levels."

Full prices for Park South homes are \$24,500 and \$25,500, with convenient financing.

Park South may be reached by taking Artesia Boulevard from the Harbor Freeway to Main Street, then south to Victoria Street.

'Fire Day' Proclaimed In County

The Board of Supervisors has proclaimed Saturday as "Fire Service Day" throughout Los Angeles County.

Board Chairman Burton W. Chace and supervisors joined with Fire Chief Keith E. Klinger in urging residents to set the day aside to visit their local fire stations.

"All county fire stations will be holding a special open

house Saturday," Chace said, "and the public is invited to inspect equipment and facilities from 10 a.m. until 5 p.m."

"Although the stations are always open for public inspection, we have planned this day so that all may feel at ease in visiting them and discussing the community's fire protection program."

In accepting the proclamation from the board, Chief Klinger said "it is extremely important that the public re-appraise the fire situation from a safety standpoint."

"Last year, fatalities due to

fire totaled 12,000 in the nation, with property destruction of \$1,760,000,000."
