## Dodgers Plan Bat Giveaway Night in July

The World Champion Los Angeles Dodgers are going to stage a Bat Night in 1966.

Bats, autographed by a Dodger star and also carrying the legend of World Champion Dodgers, will be given away free to each youngster attending the game Tuesday night, July 26 between the Dodgers and the Phillies.

The bats will be official Louisville Slugger bats prepared by the Hillerich and Bradsby Bat Co., which supplies most of the bats for major league baseball. They may be used in Little League play and will be so marked.

Tickets for the Bat Night Game may be ordered now by mail to Dodgers, Box 100, Los Angeles 51. Youngsters purchasing their tickets at Dodger Stadium that night will also get a bat.

**We spent \$220 million last year so you could keep on taking us for granted.**

Flip a switch. The lights go on.

You can take it for granted because Edison doesn't.

Last year alone, Edison spent \$220 million on new plant construction to keep your low cost electric supply as abundant as ever.

A thousand people a day move to Southern California and everyone is using more and more electricity.

Since World War II, Edison has invested \$1.8 billion in new plants and equipment. That figure will almost double by 1970. New construction expenditures in the next five years will amount to some \$1.4 billion.

As a result, Edison customers will have all the low-cost electricity they need the moment they need it.

Or put another way: you can continue taking us for granted.
